

# Colorado (CO) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 7 locations

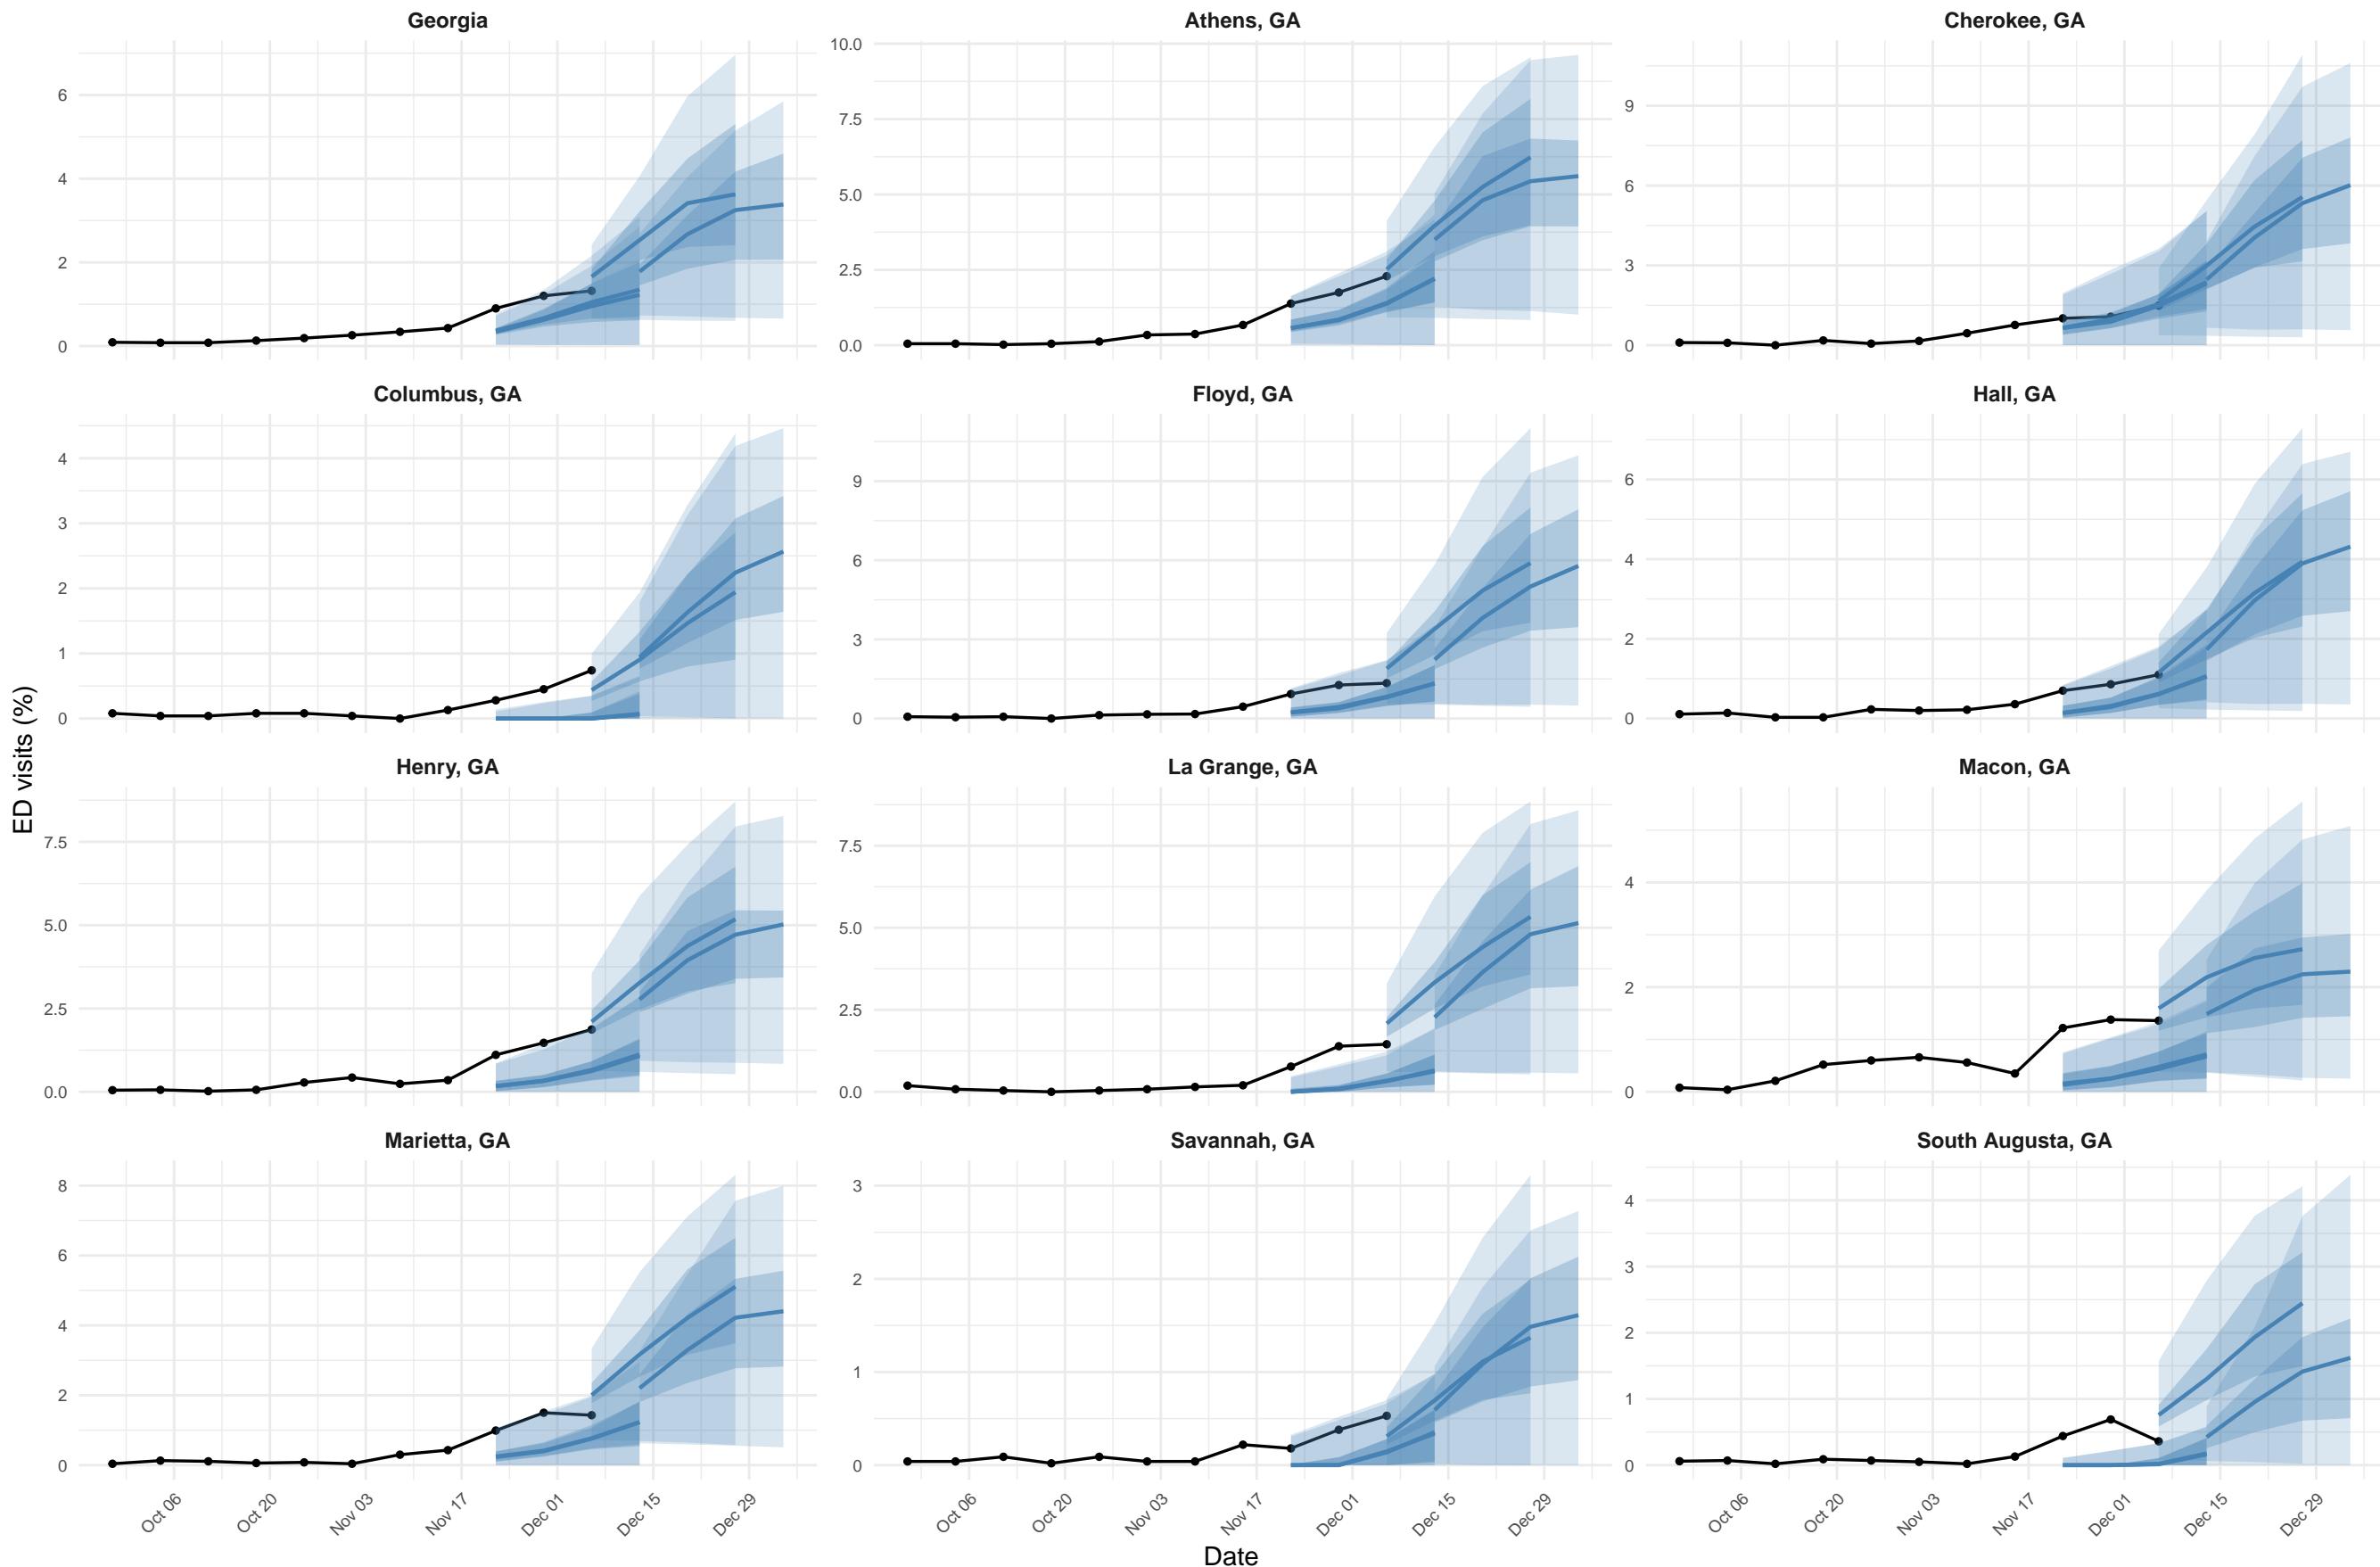

Date

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# Georgia (GA) – Flu/ILI ED Visits Forecasts

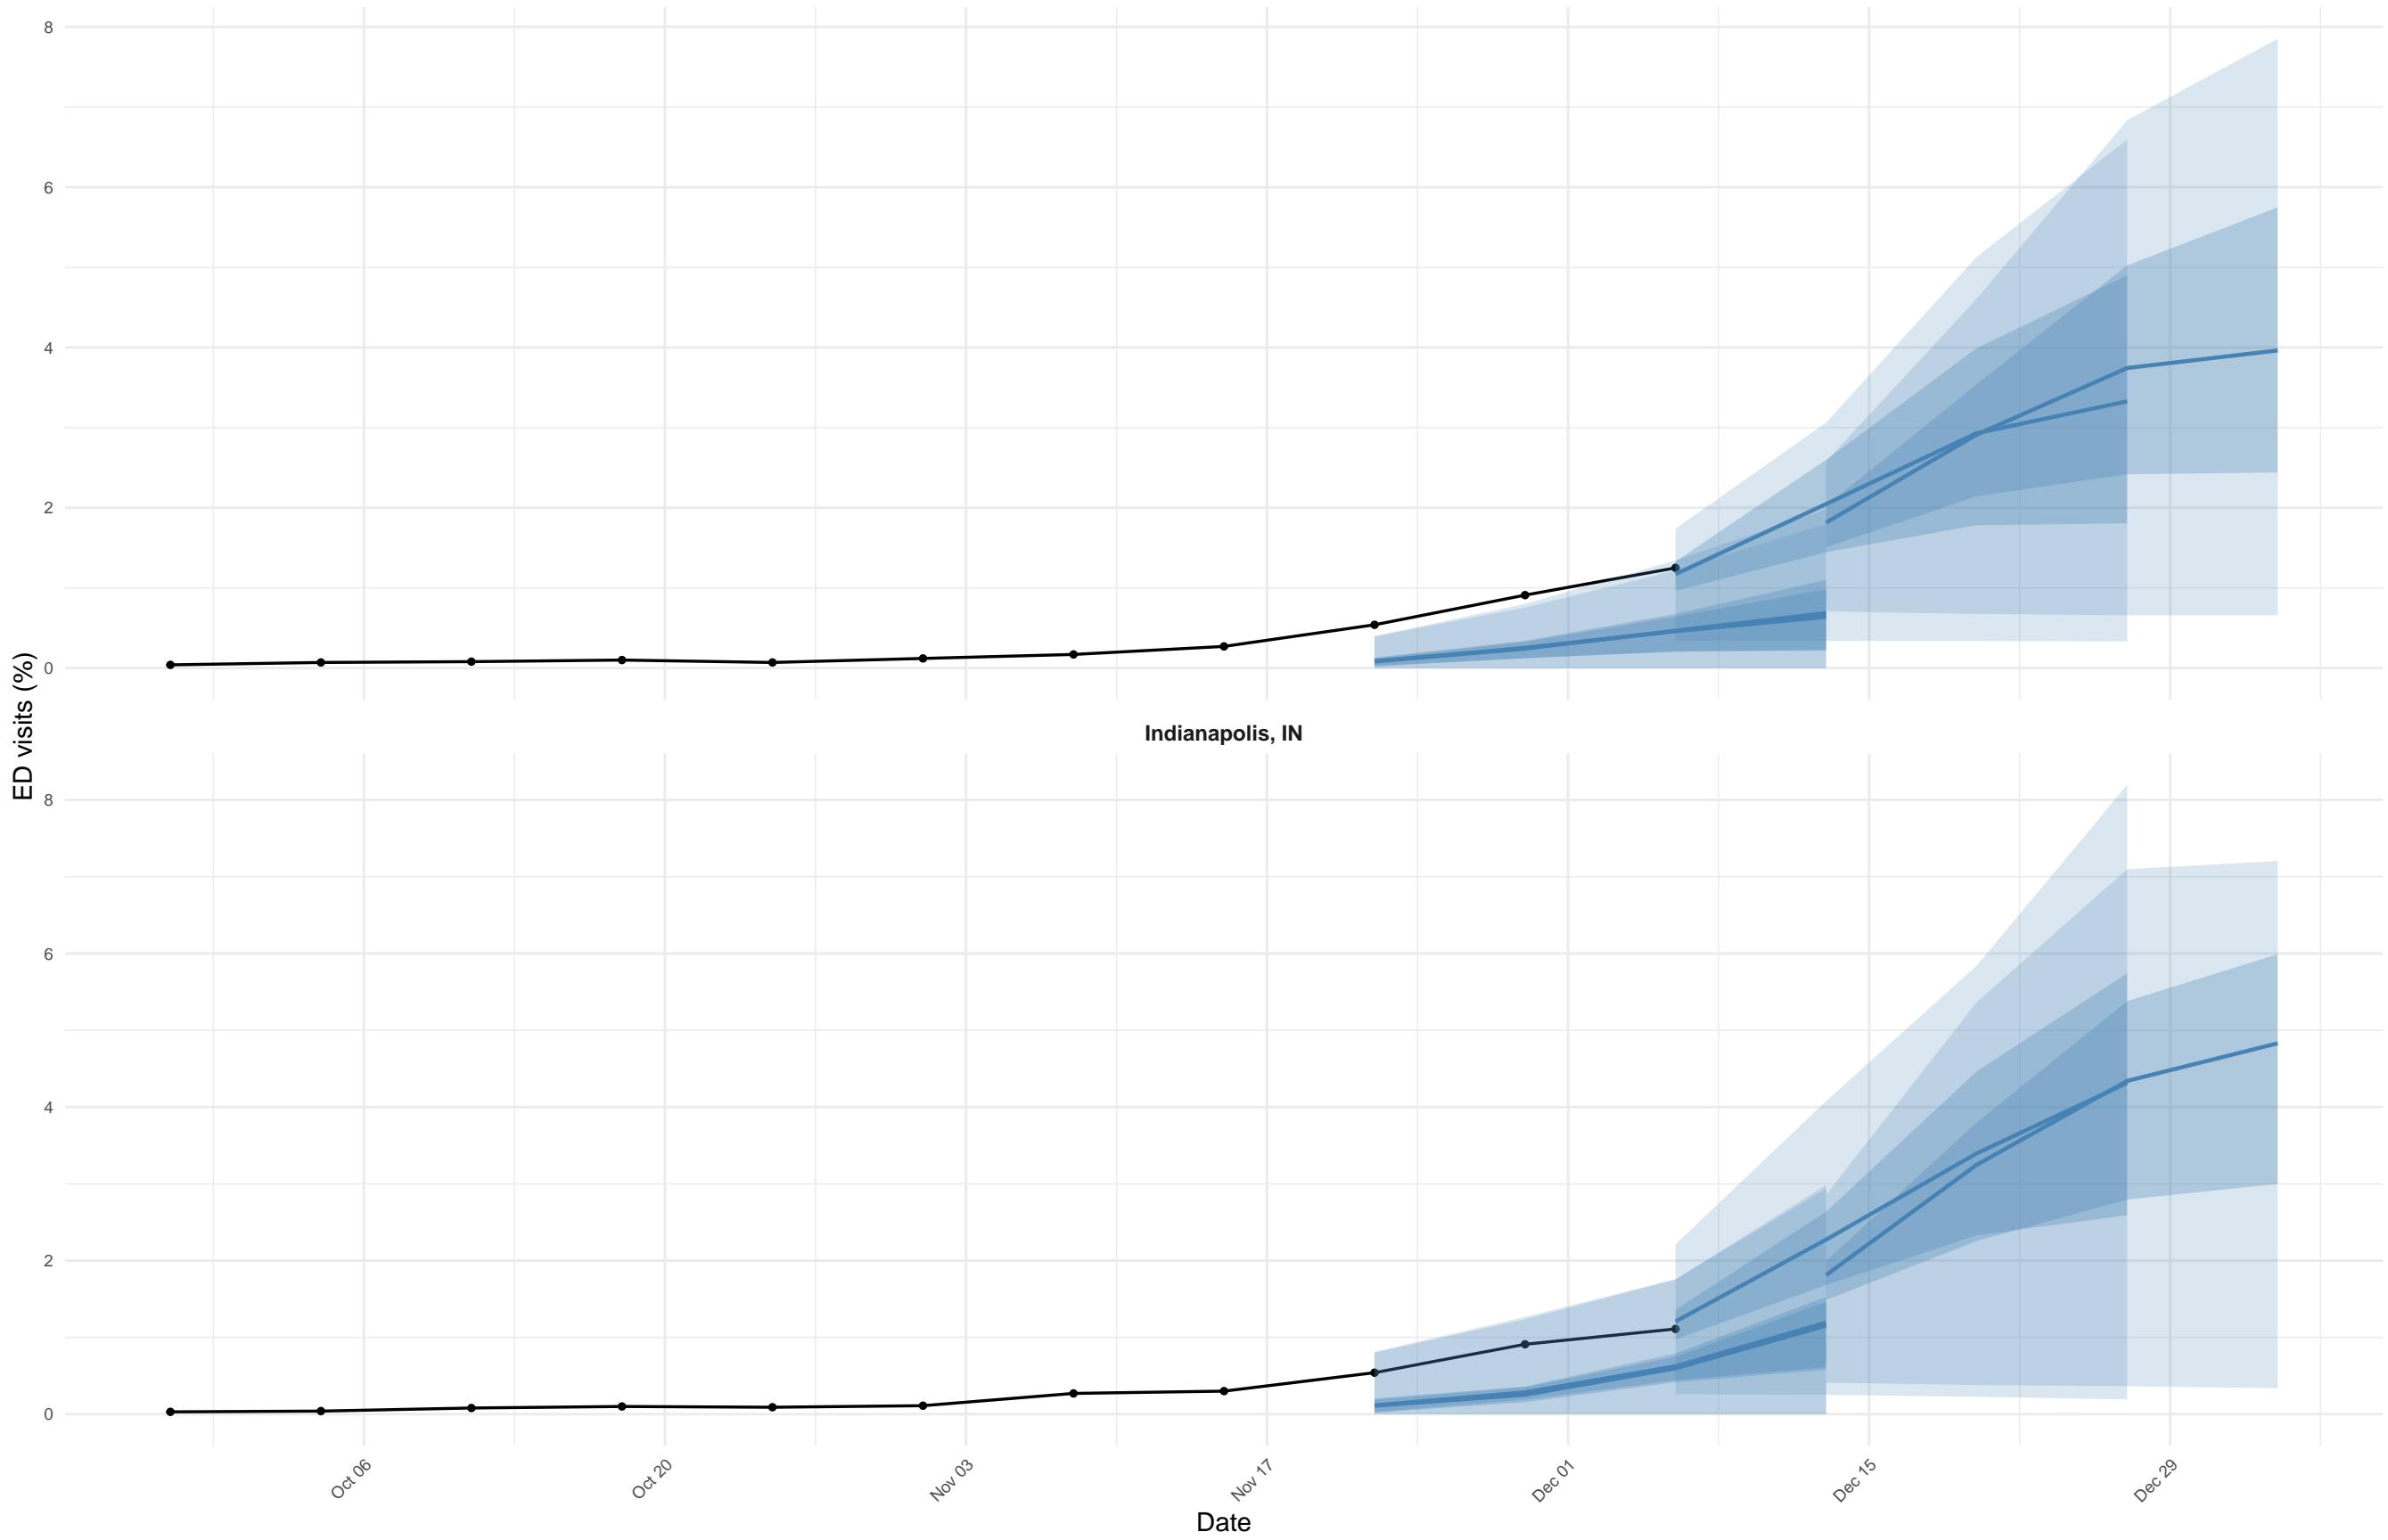

UMass-gbqr\_3src Model | 12 locations

# Indiana (IN) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 2 locations

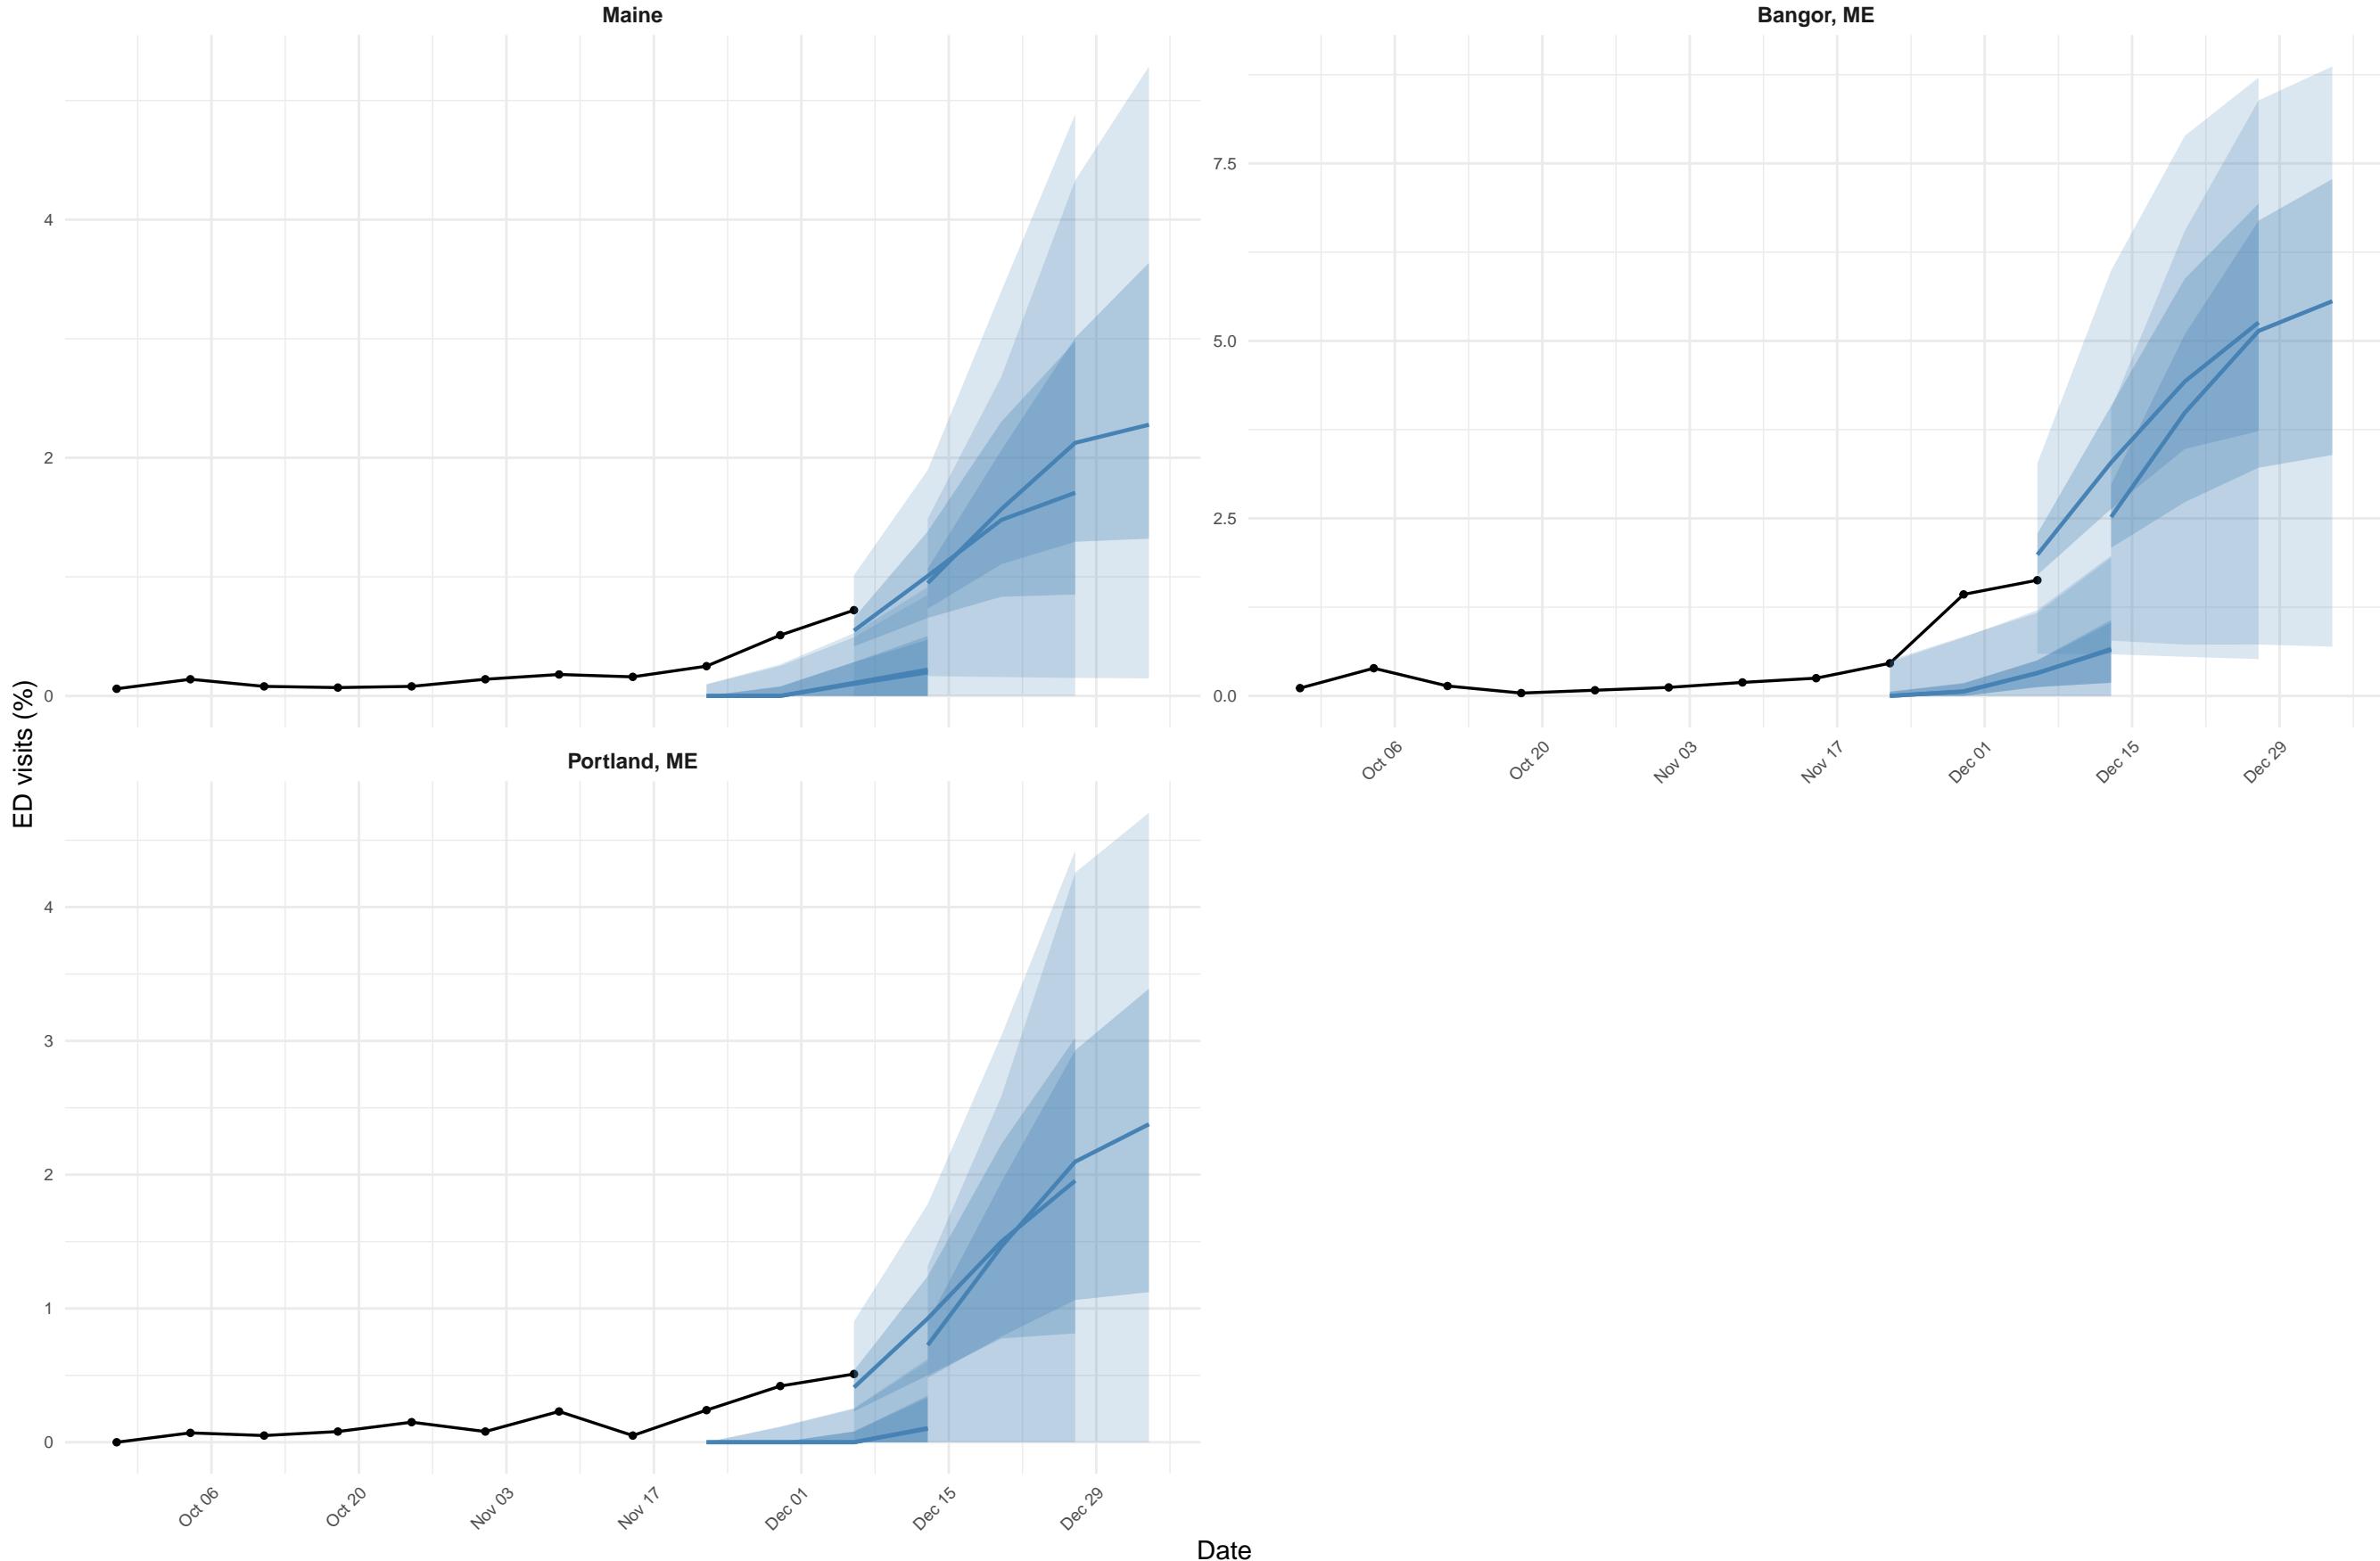

Indiana

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# Maine (ME) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 3 locations

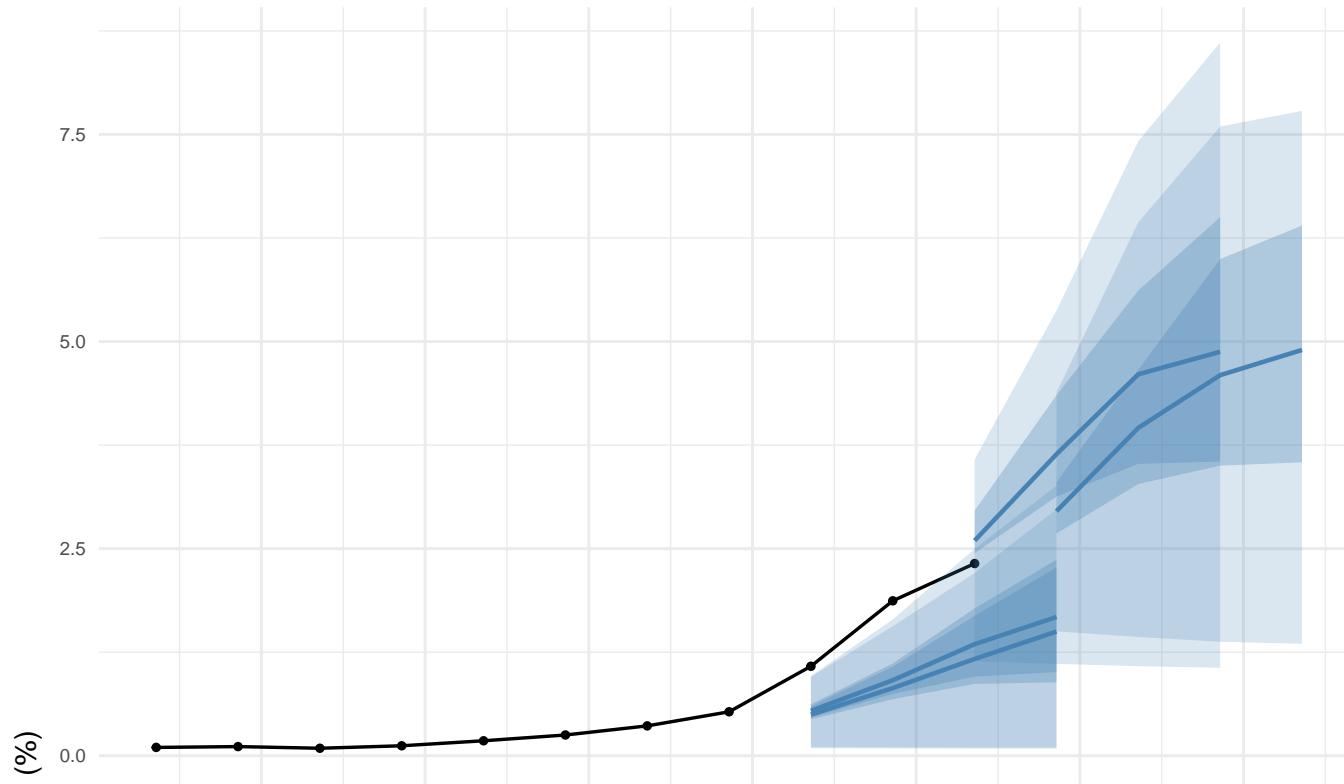

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

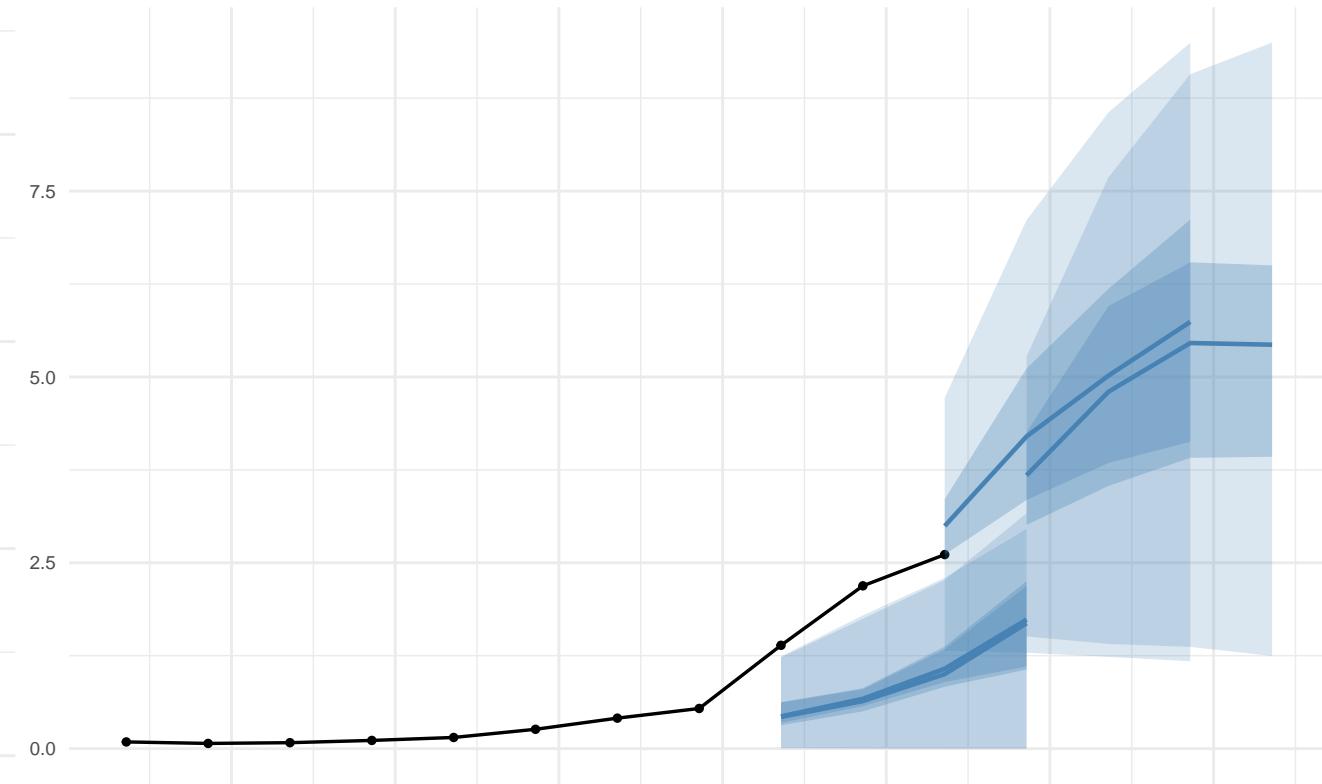

# Maryland (MD) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 4 locations

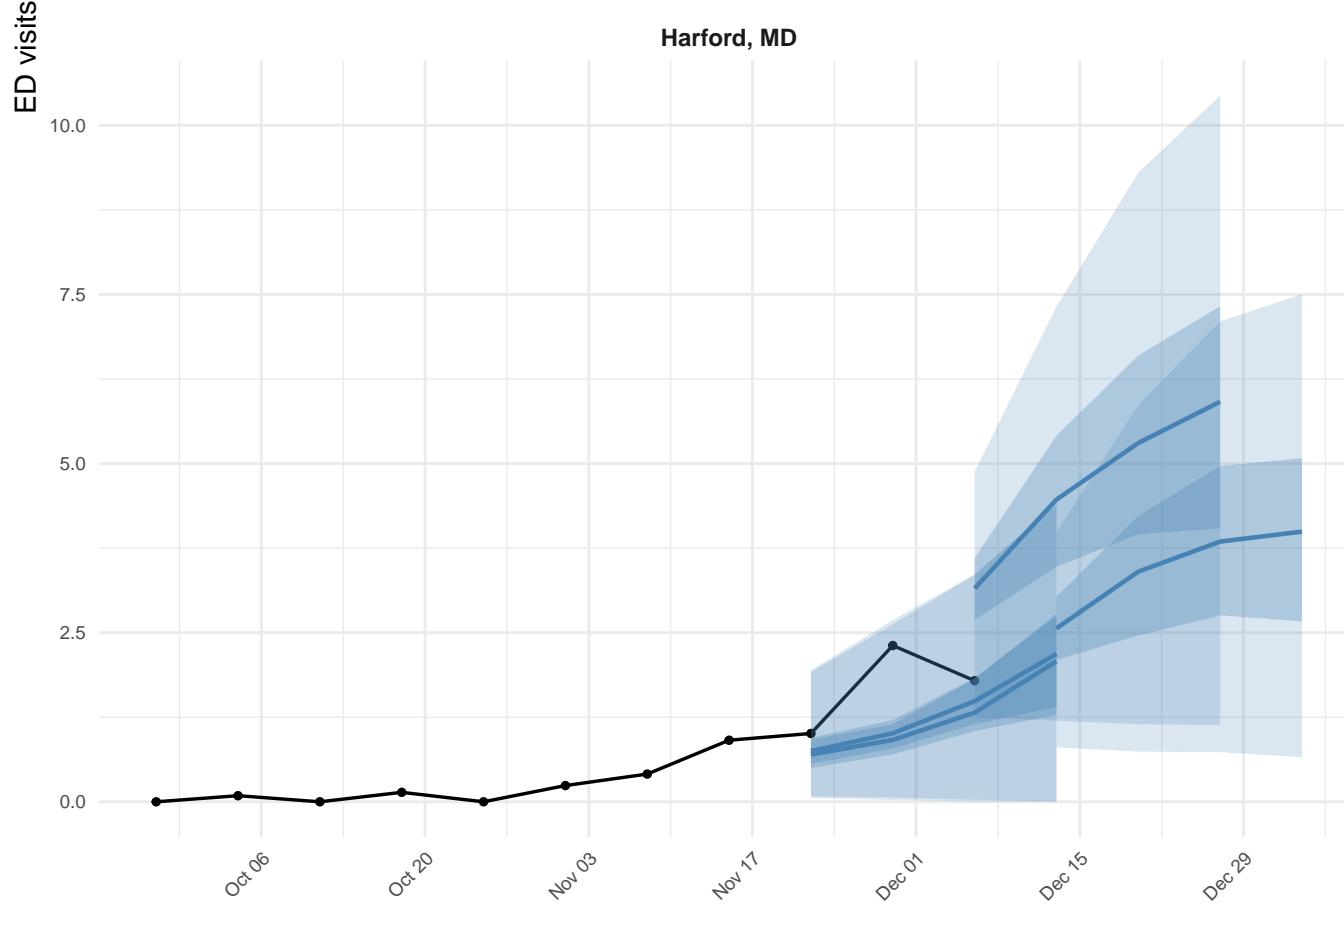

Maryland

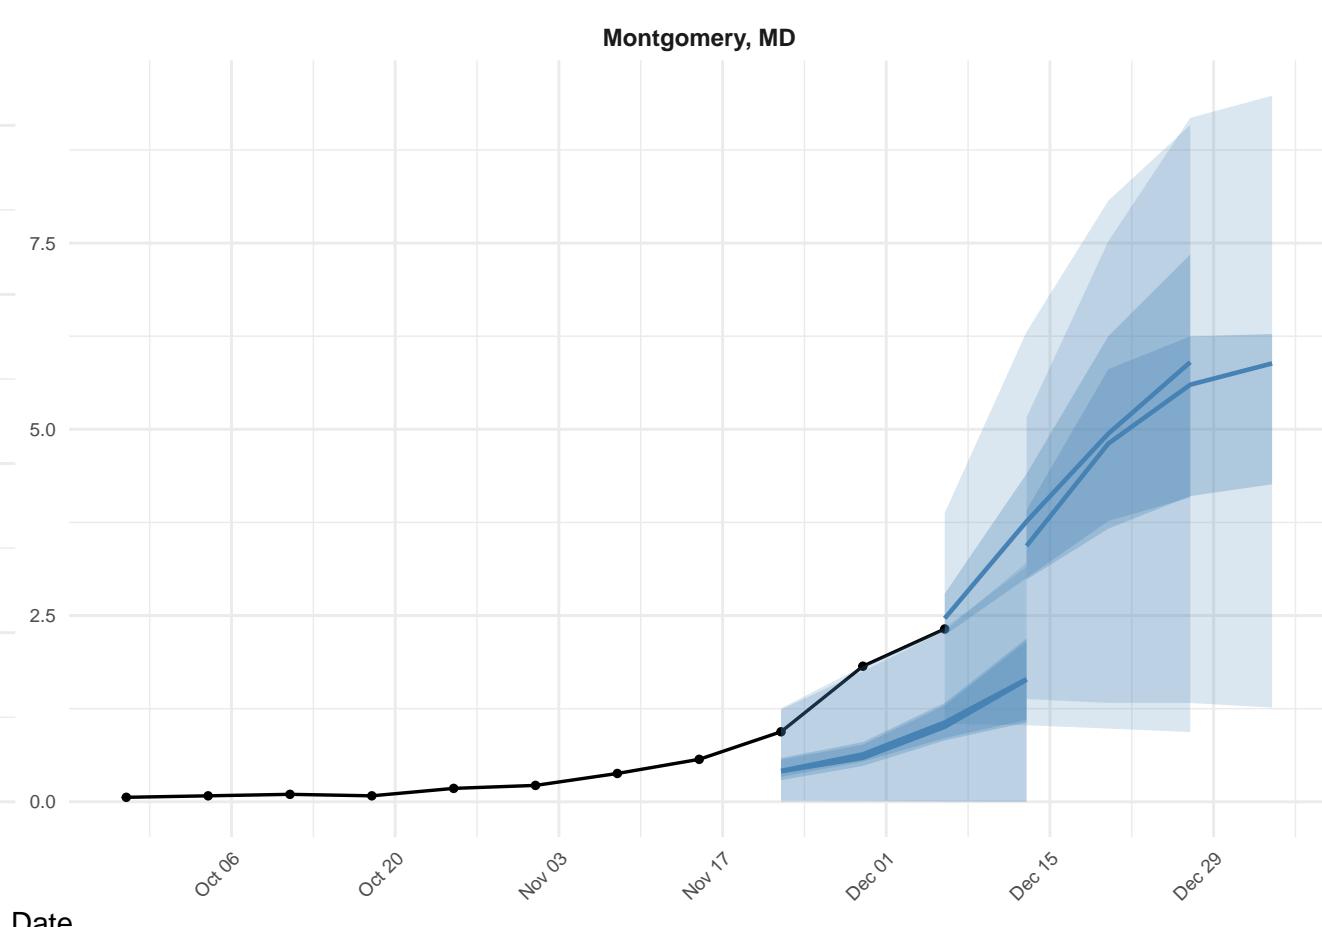

Baltimore, MD

Harford, MD

Montgomery, MD

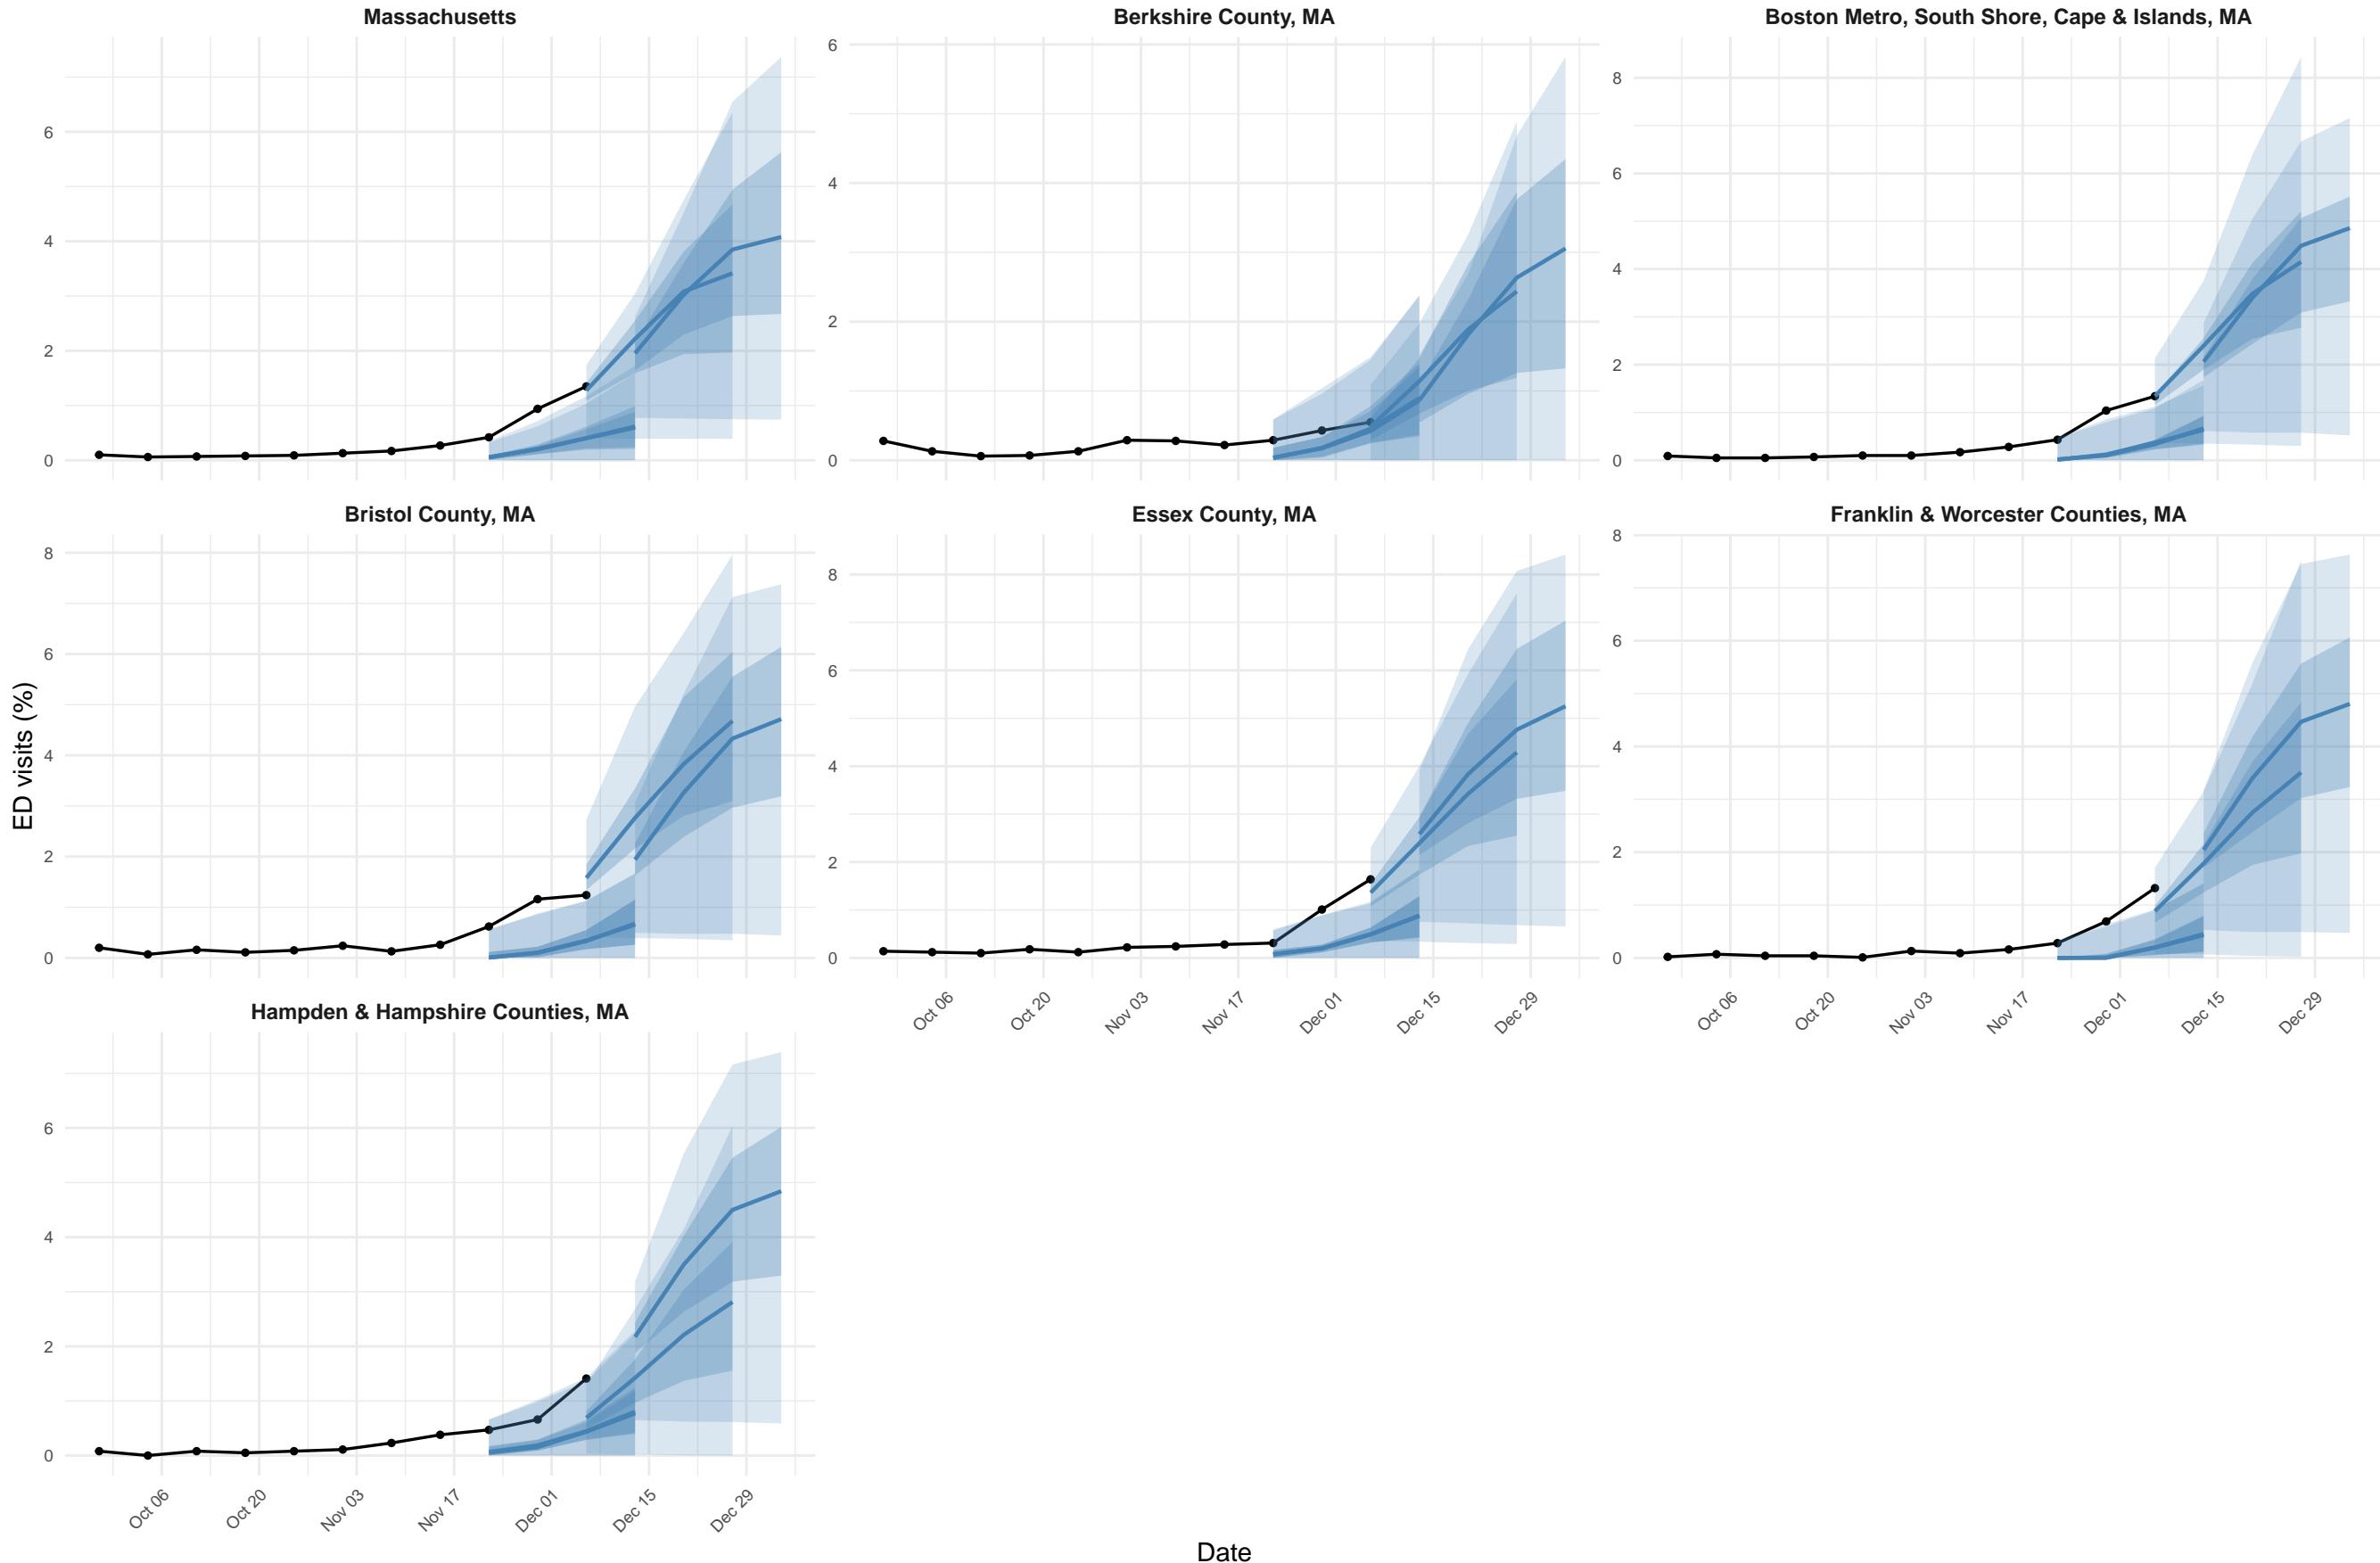

Date

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# Massachusetts (MA) – Flu/ILI ED Visits Forecasts

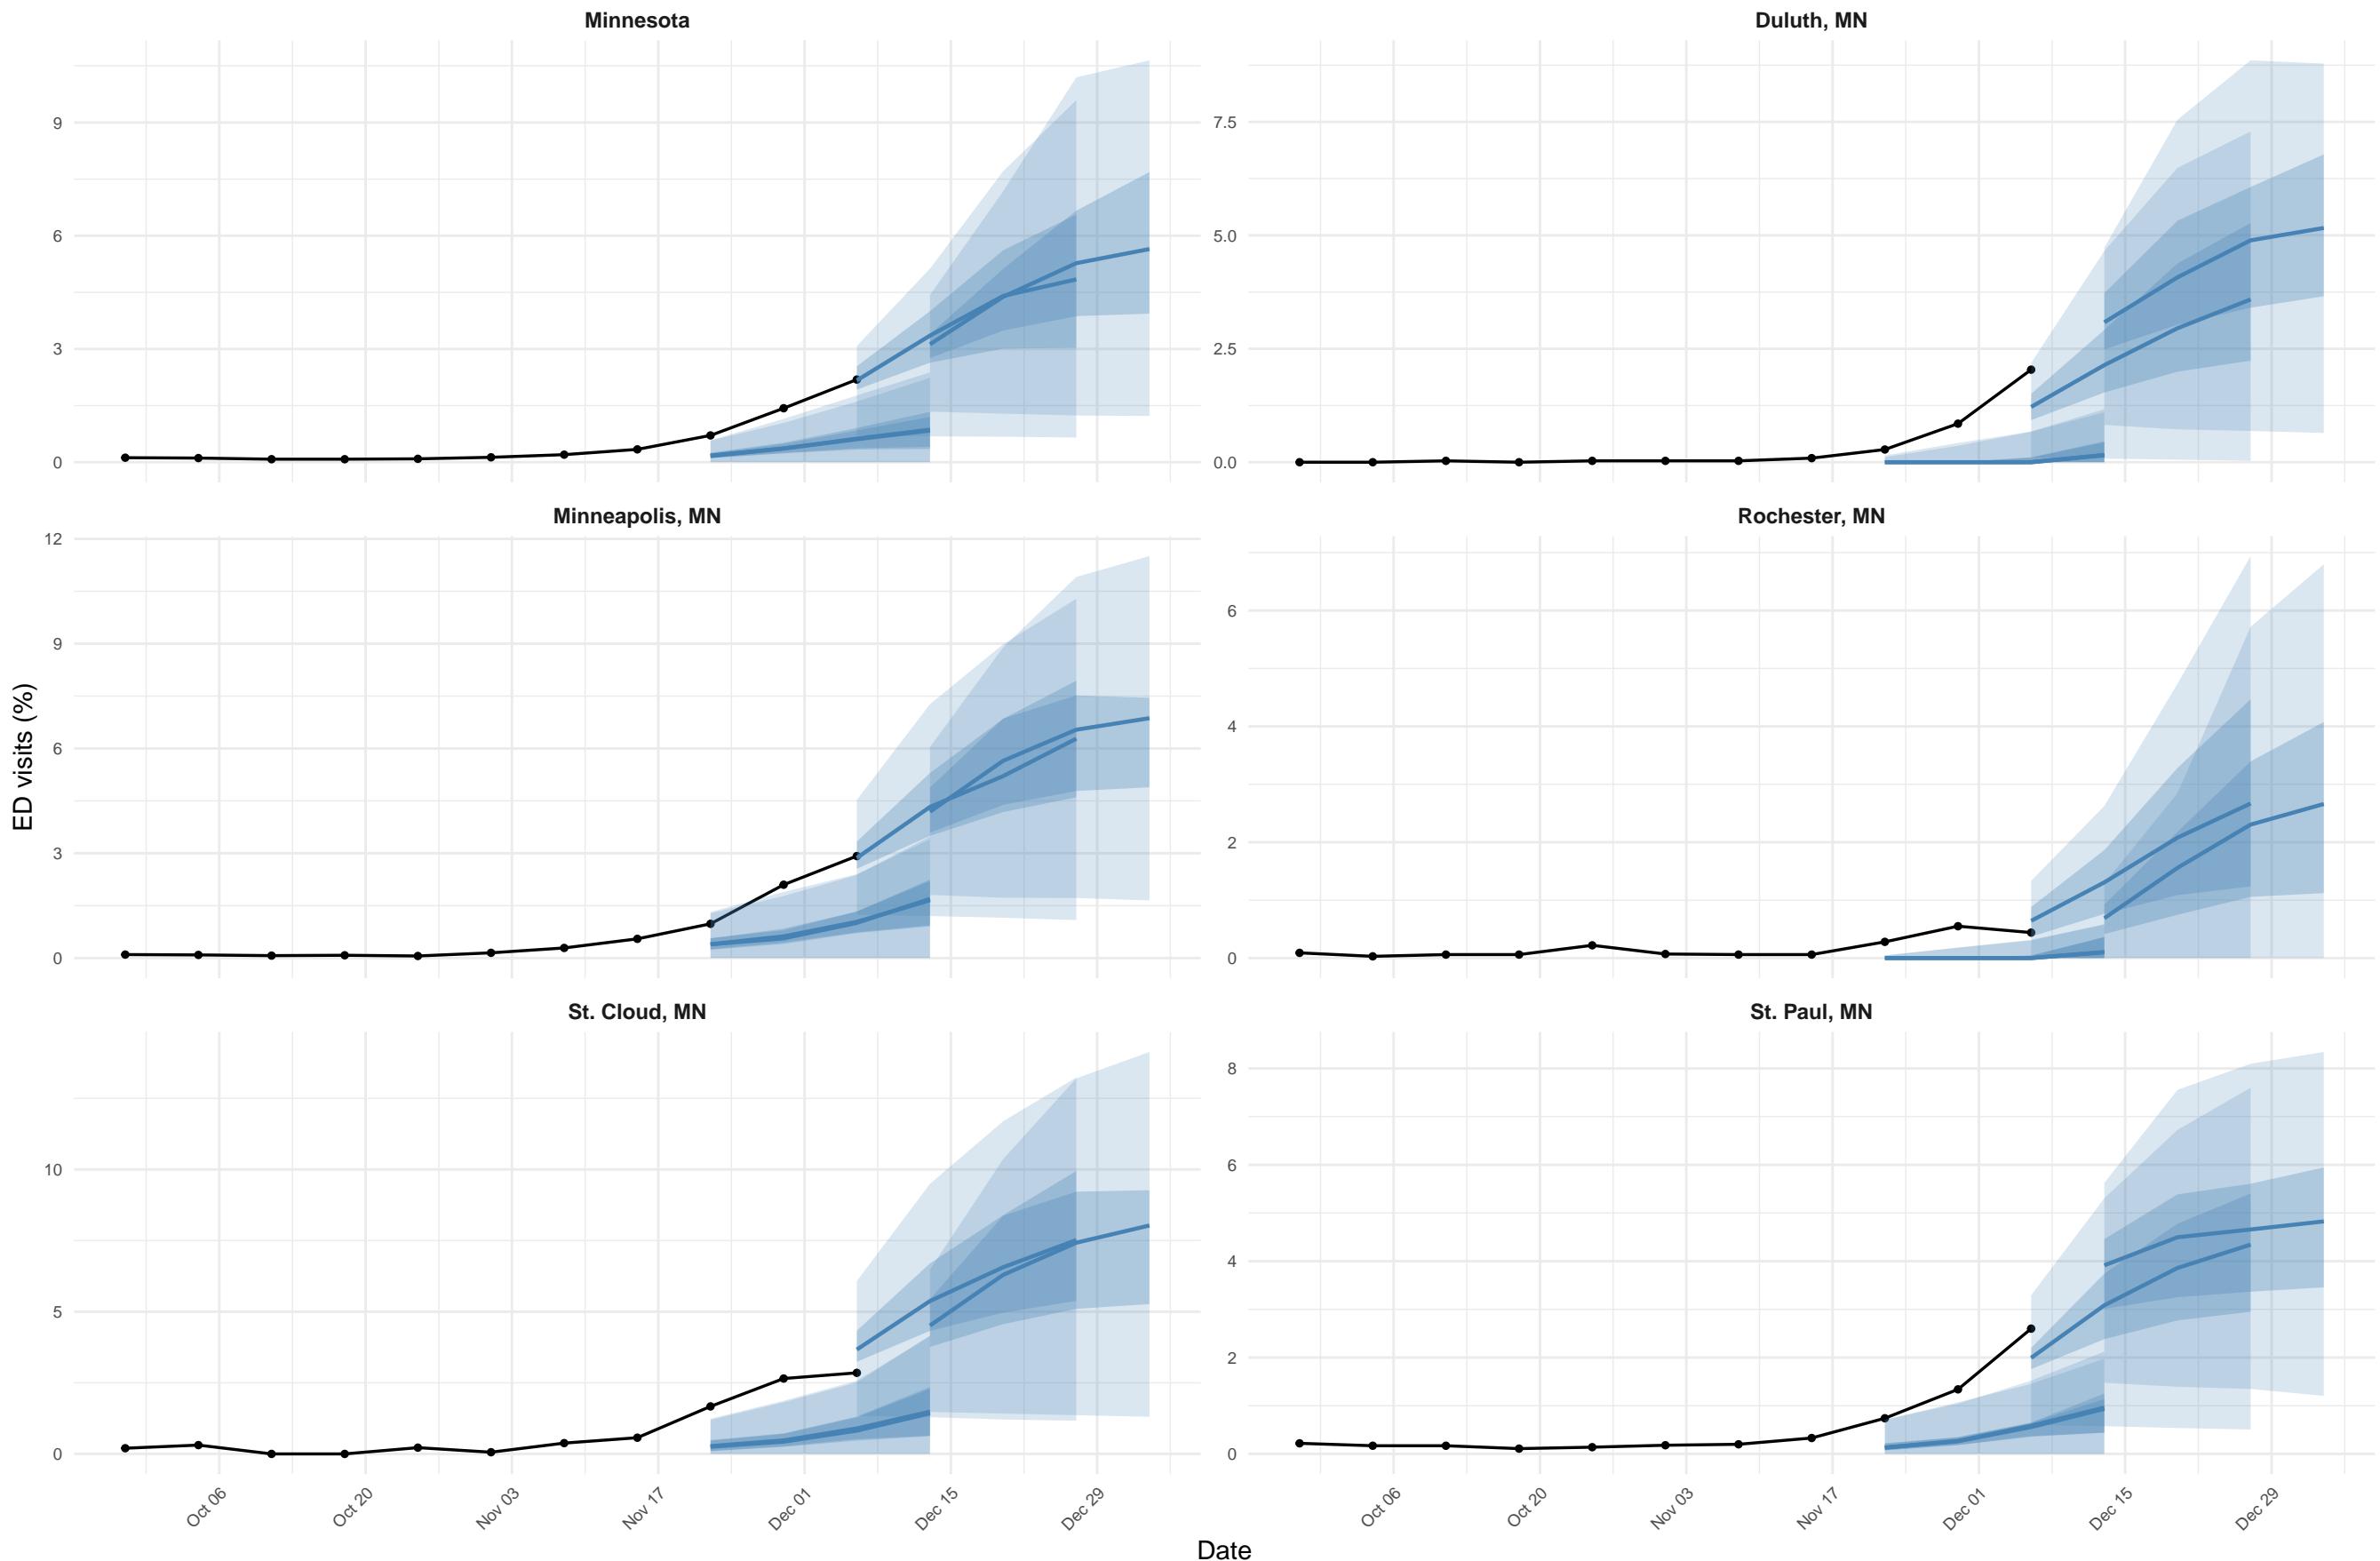

UMass-gbqr\_3src Model | 7 locations

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# Minnesota (MN) – Flu/ILI ED Visits Forecasts

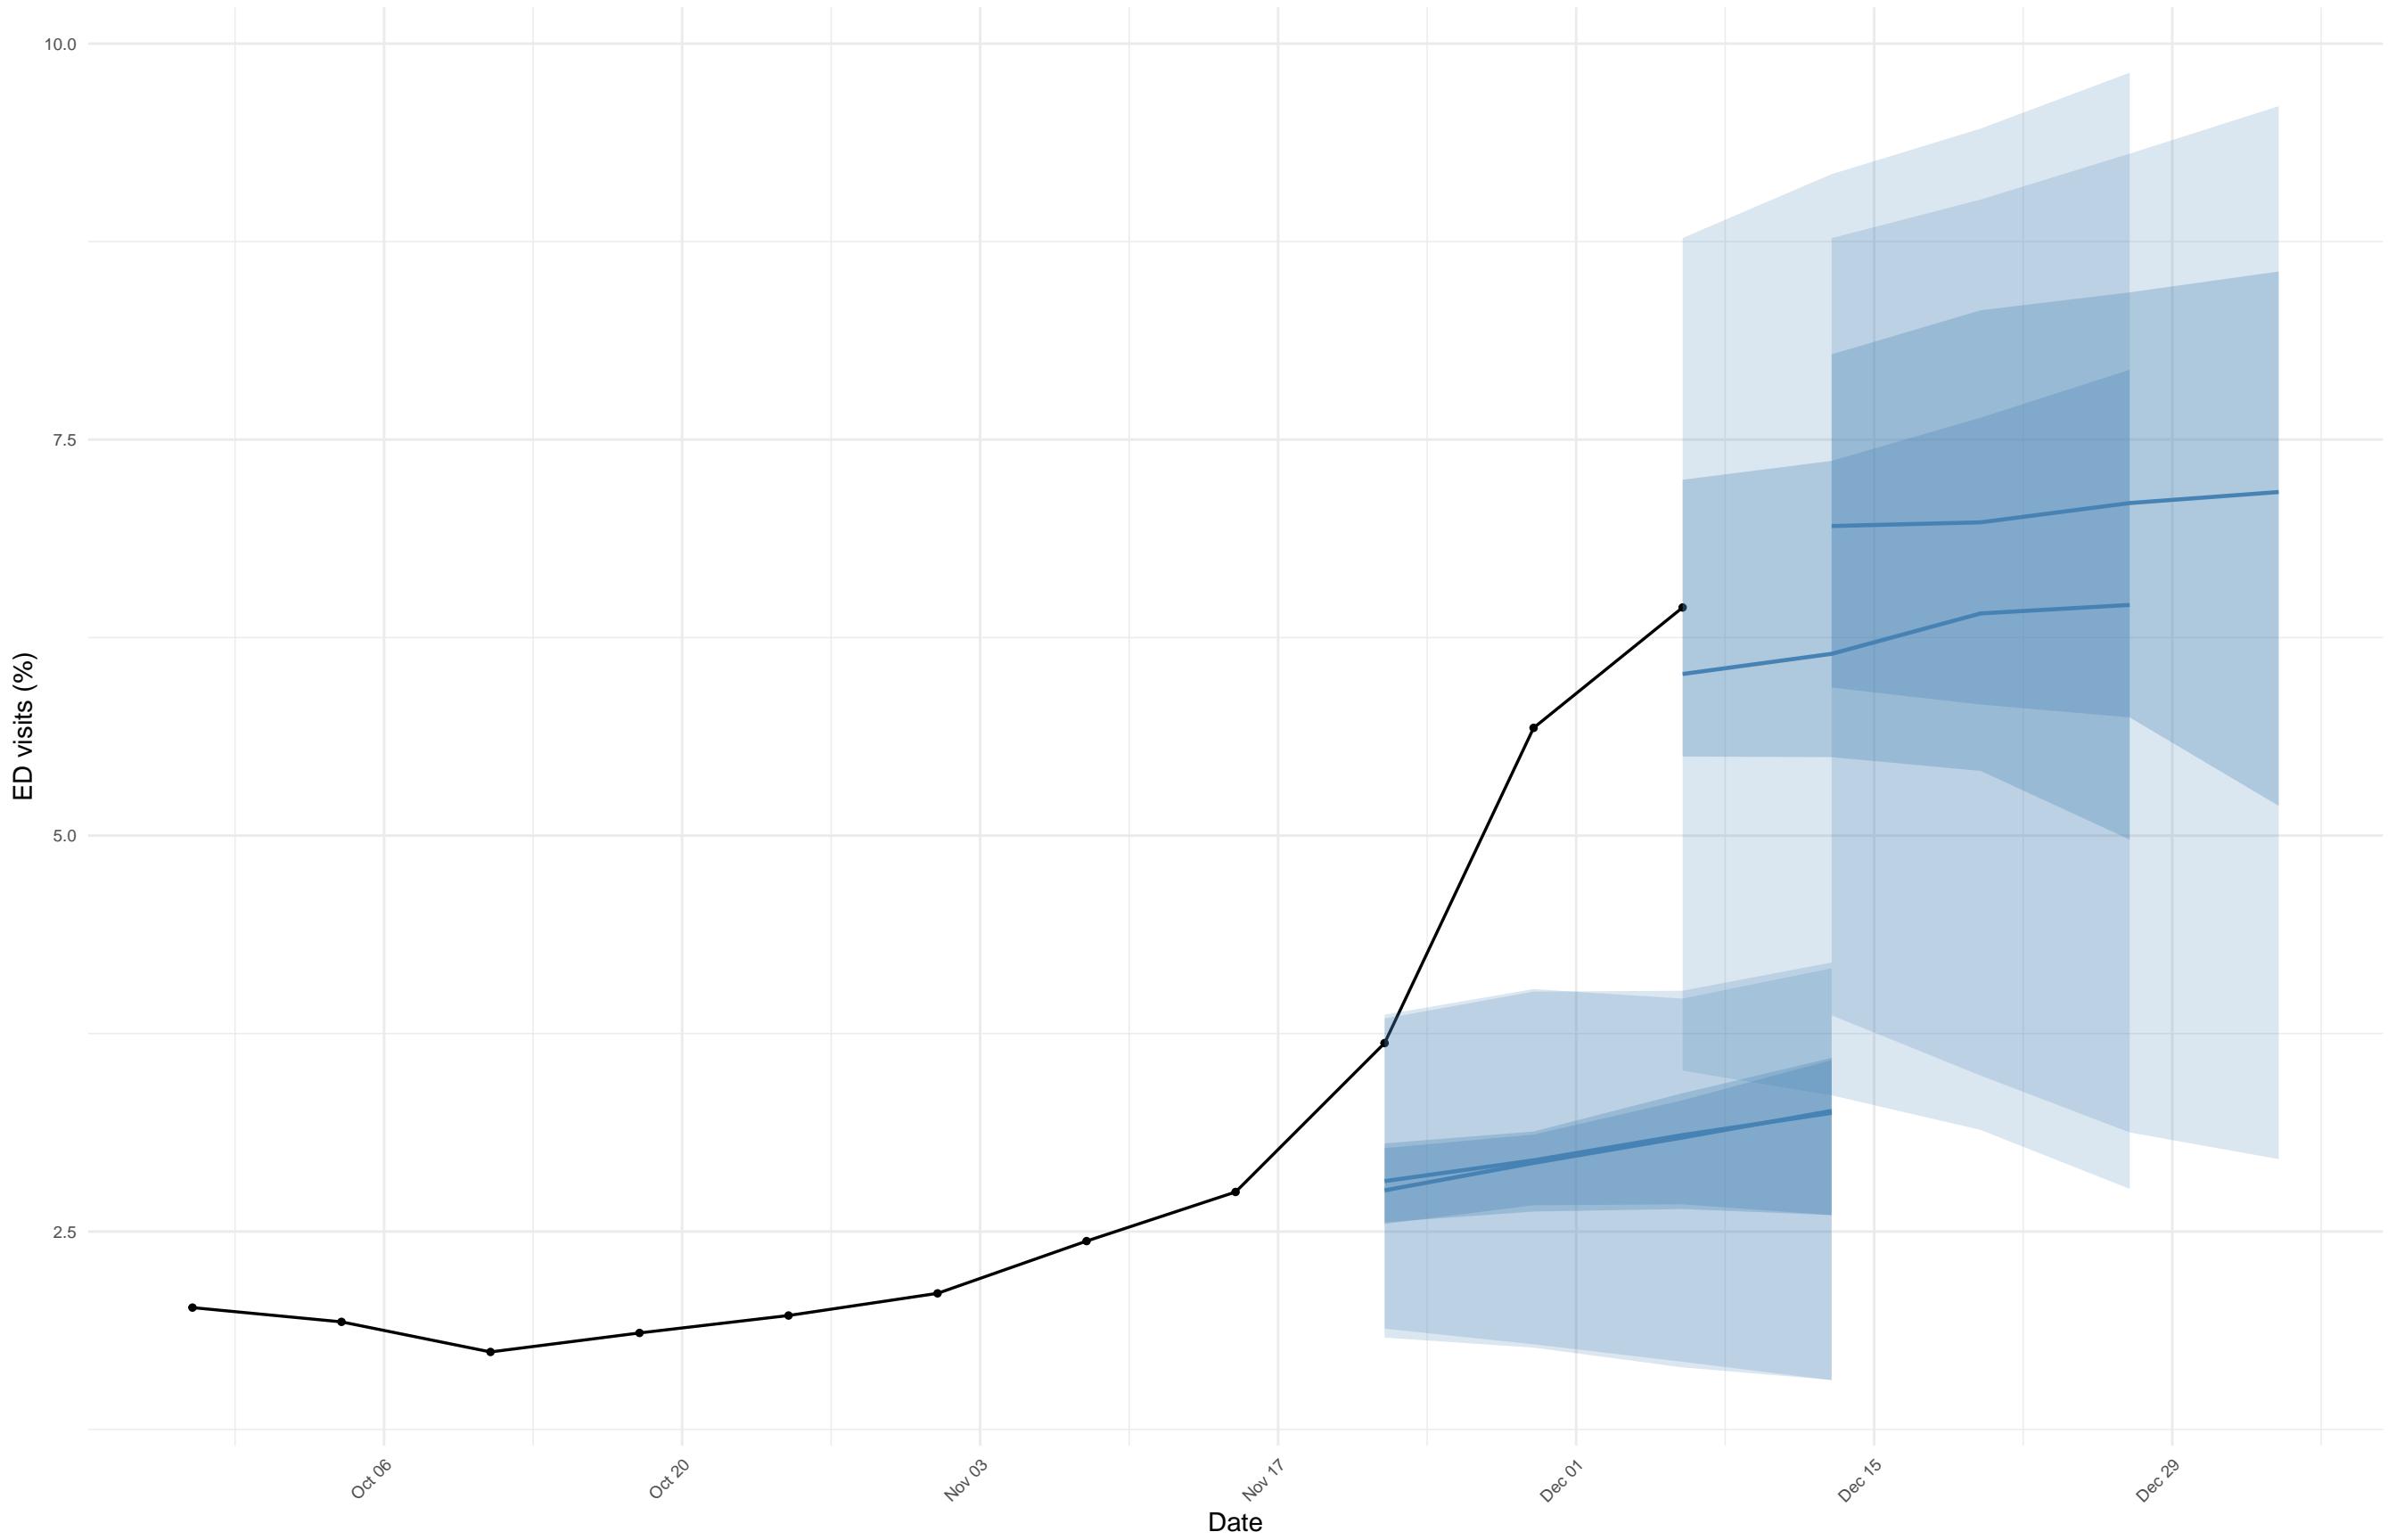

UMass-gbqr\_3src Model | 6 locations

# New York (NY) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 1 locations

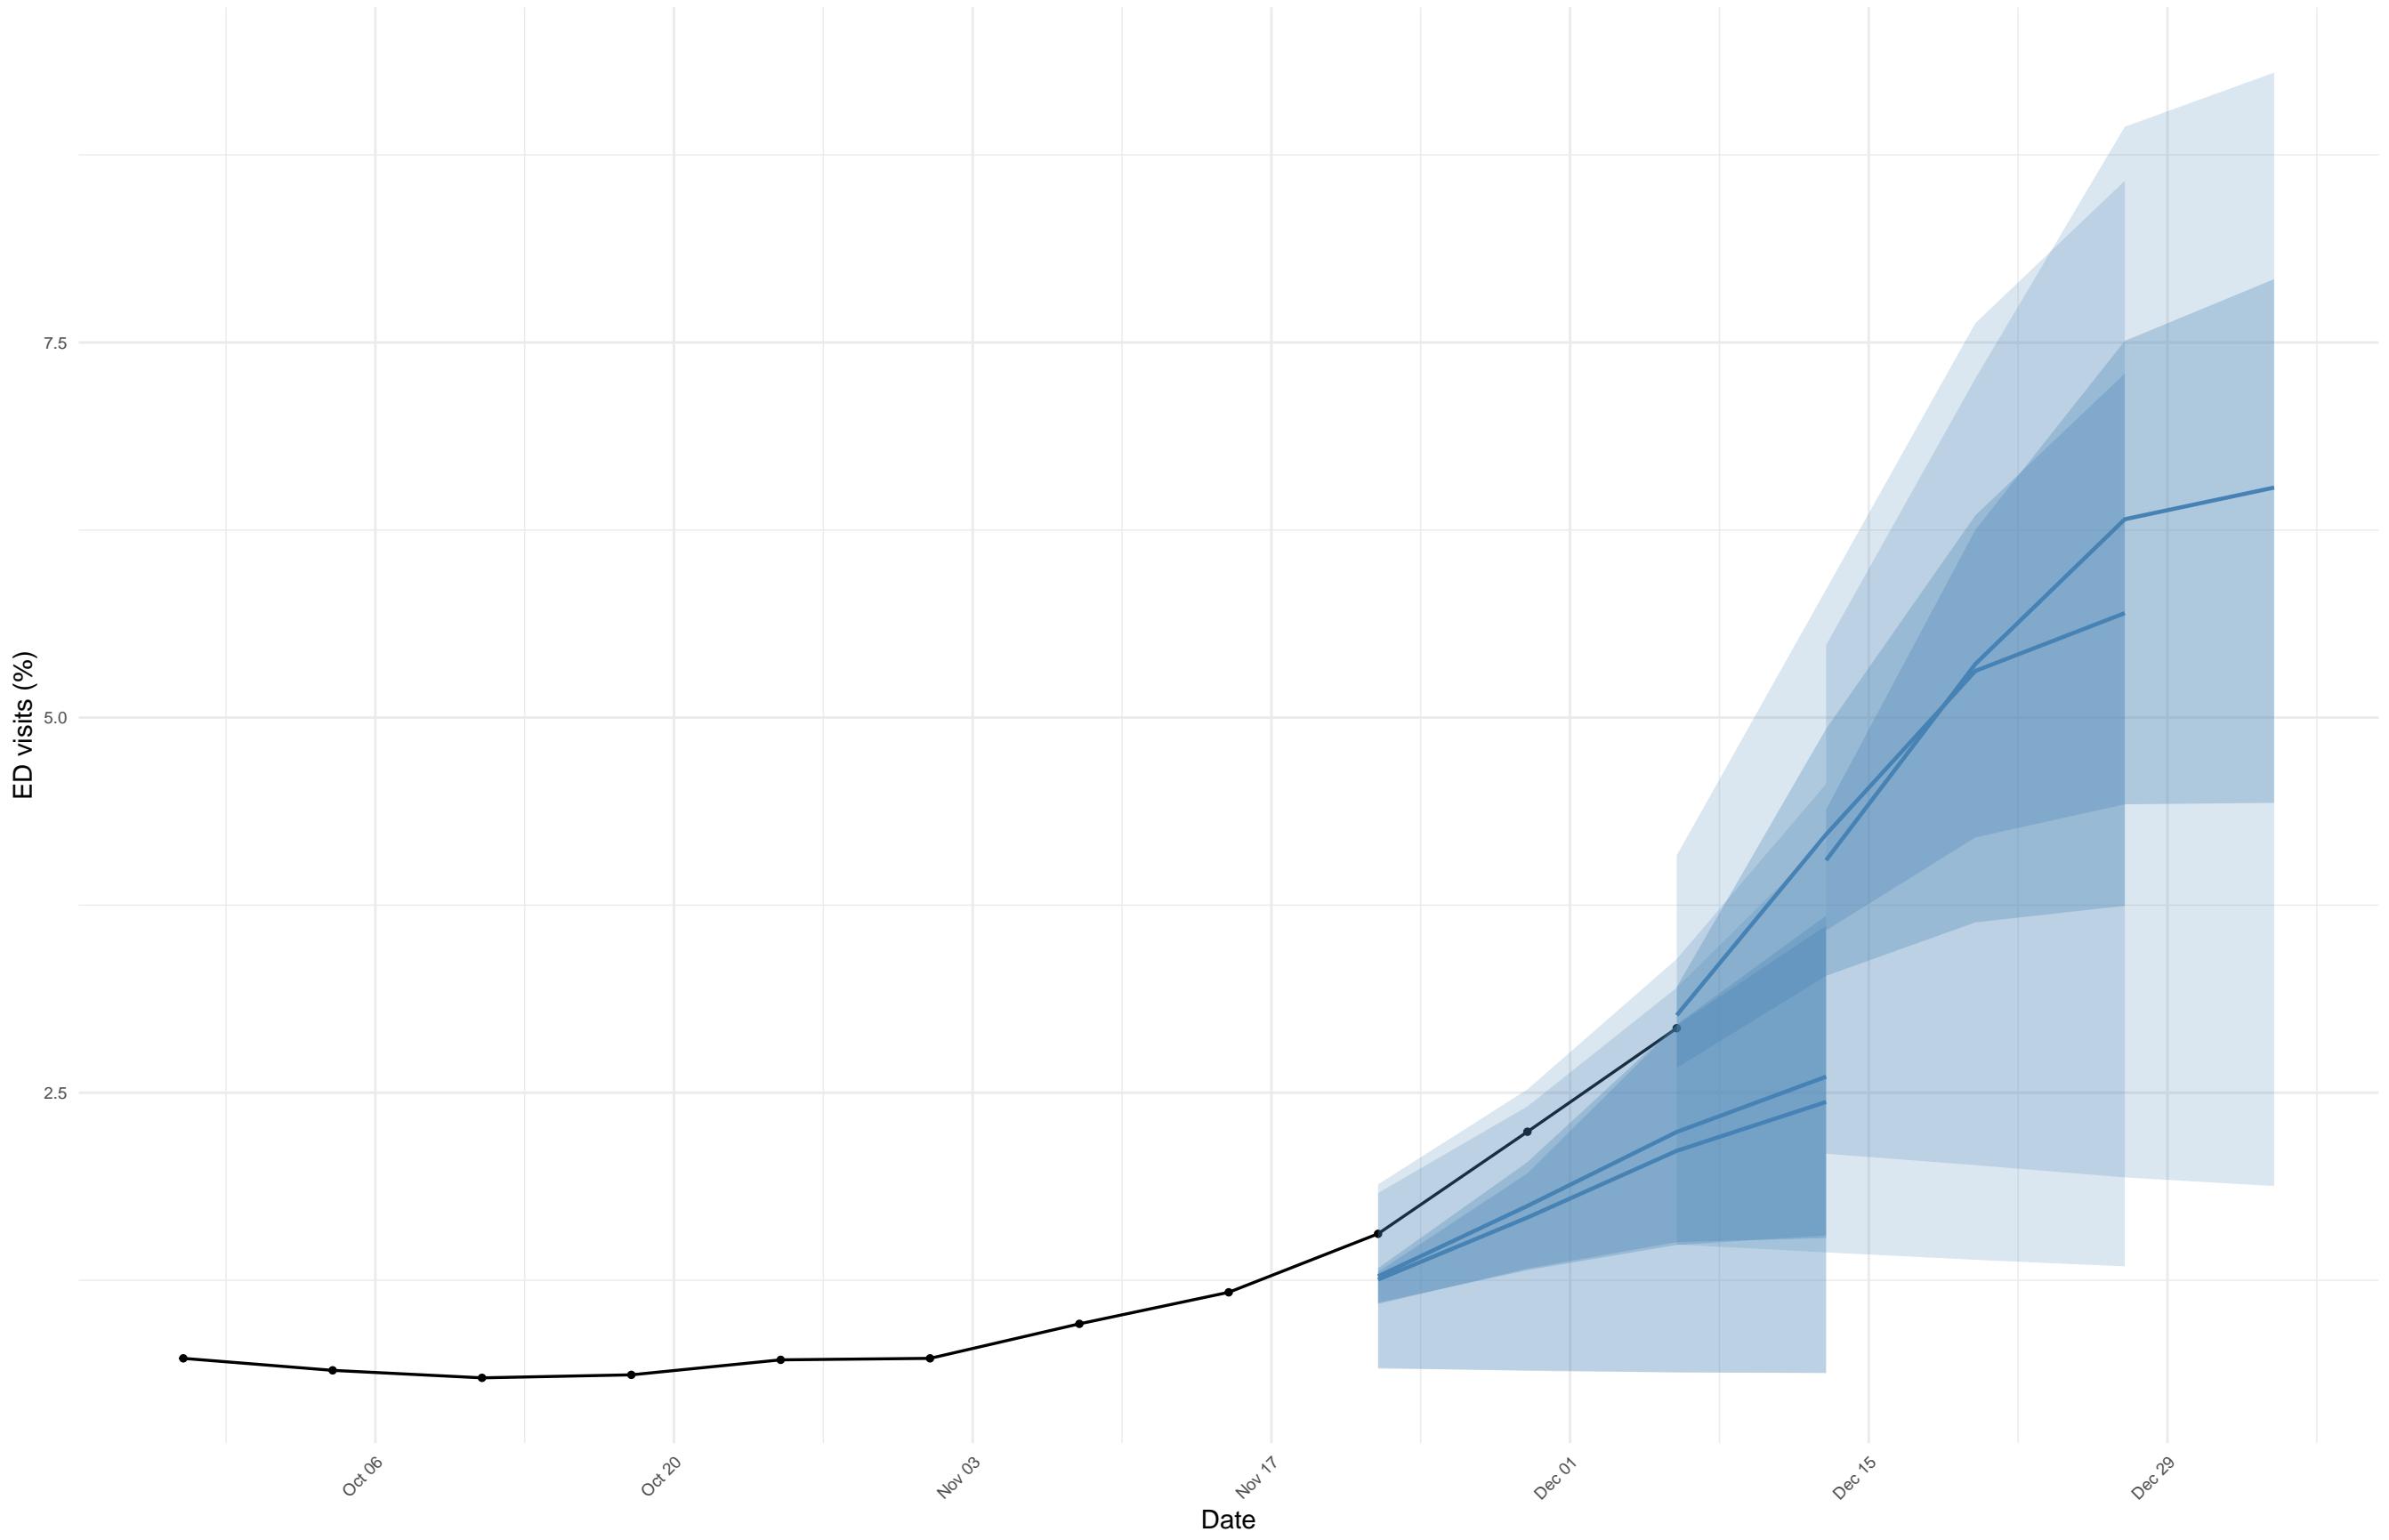

NYC

# North Carolina (NC) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 1 locations

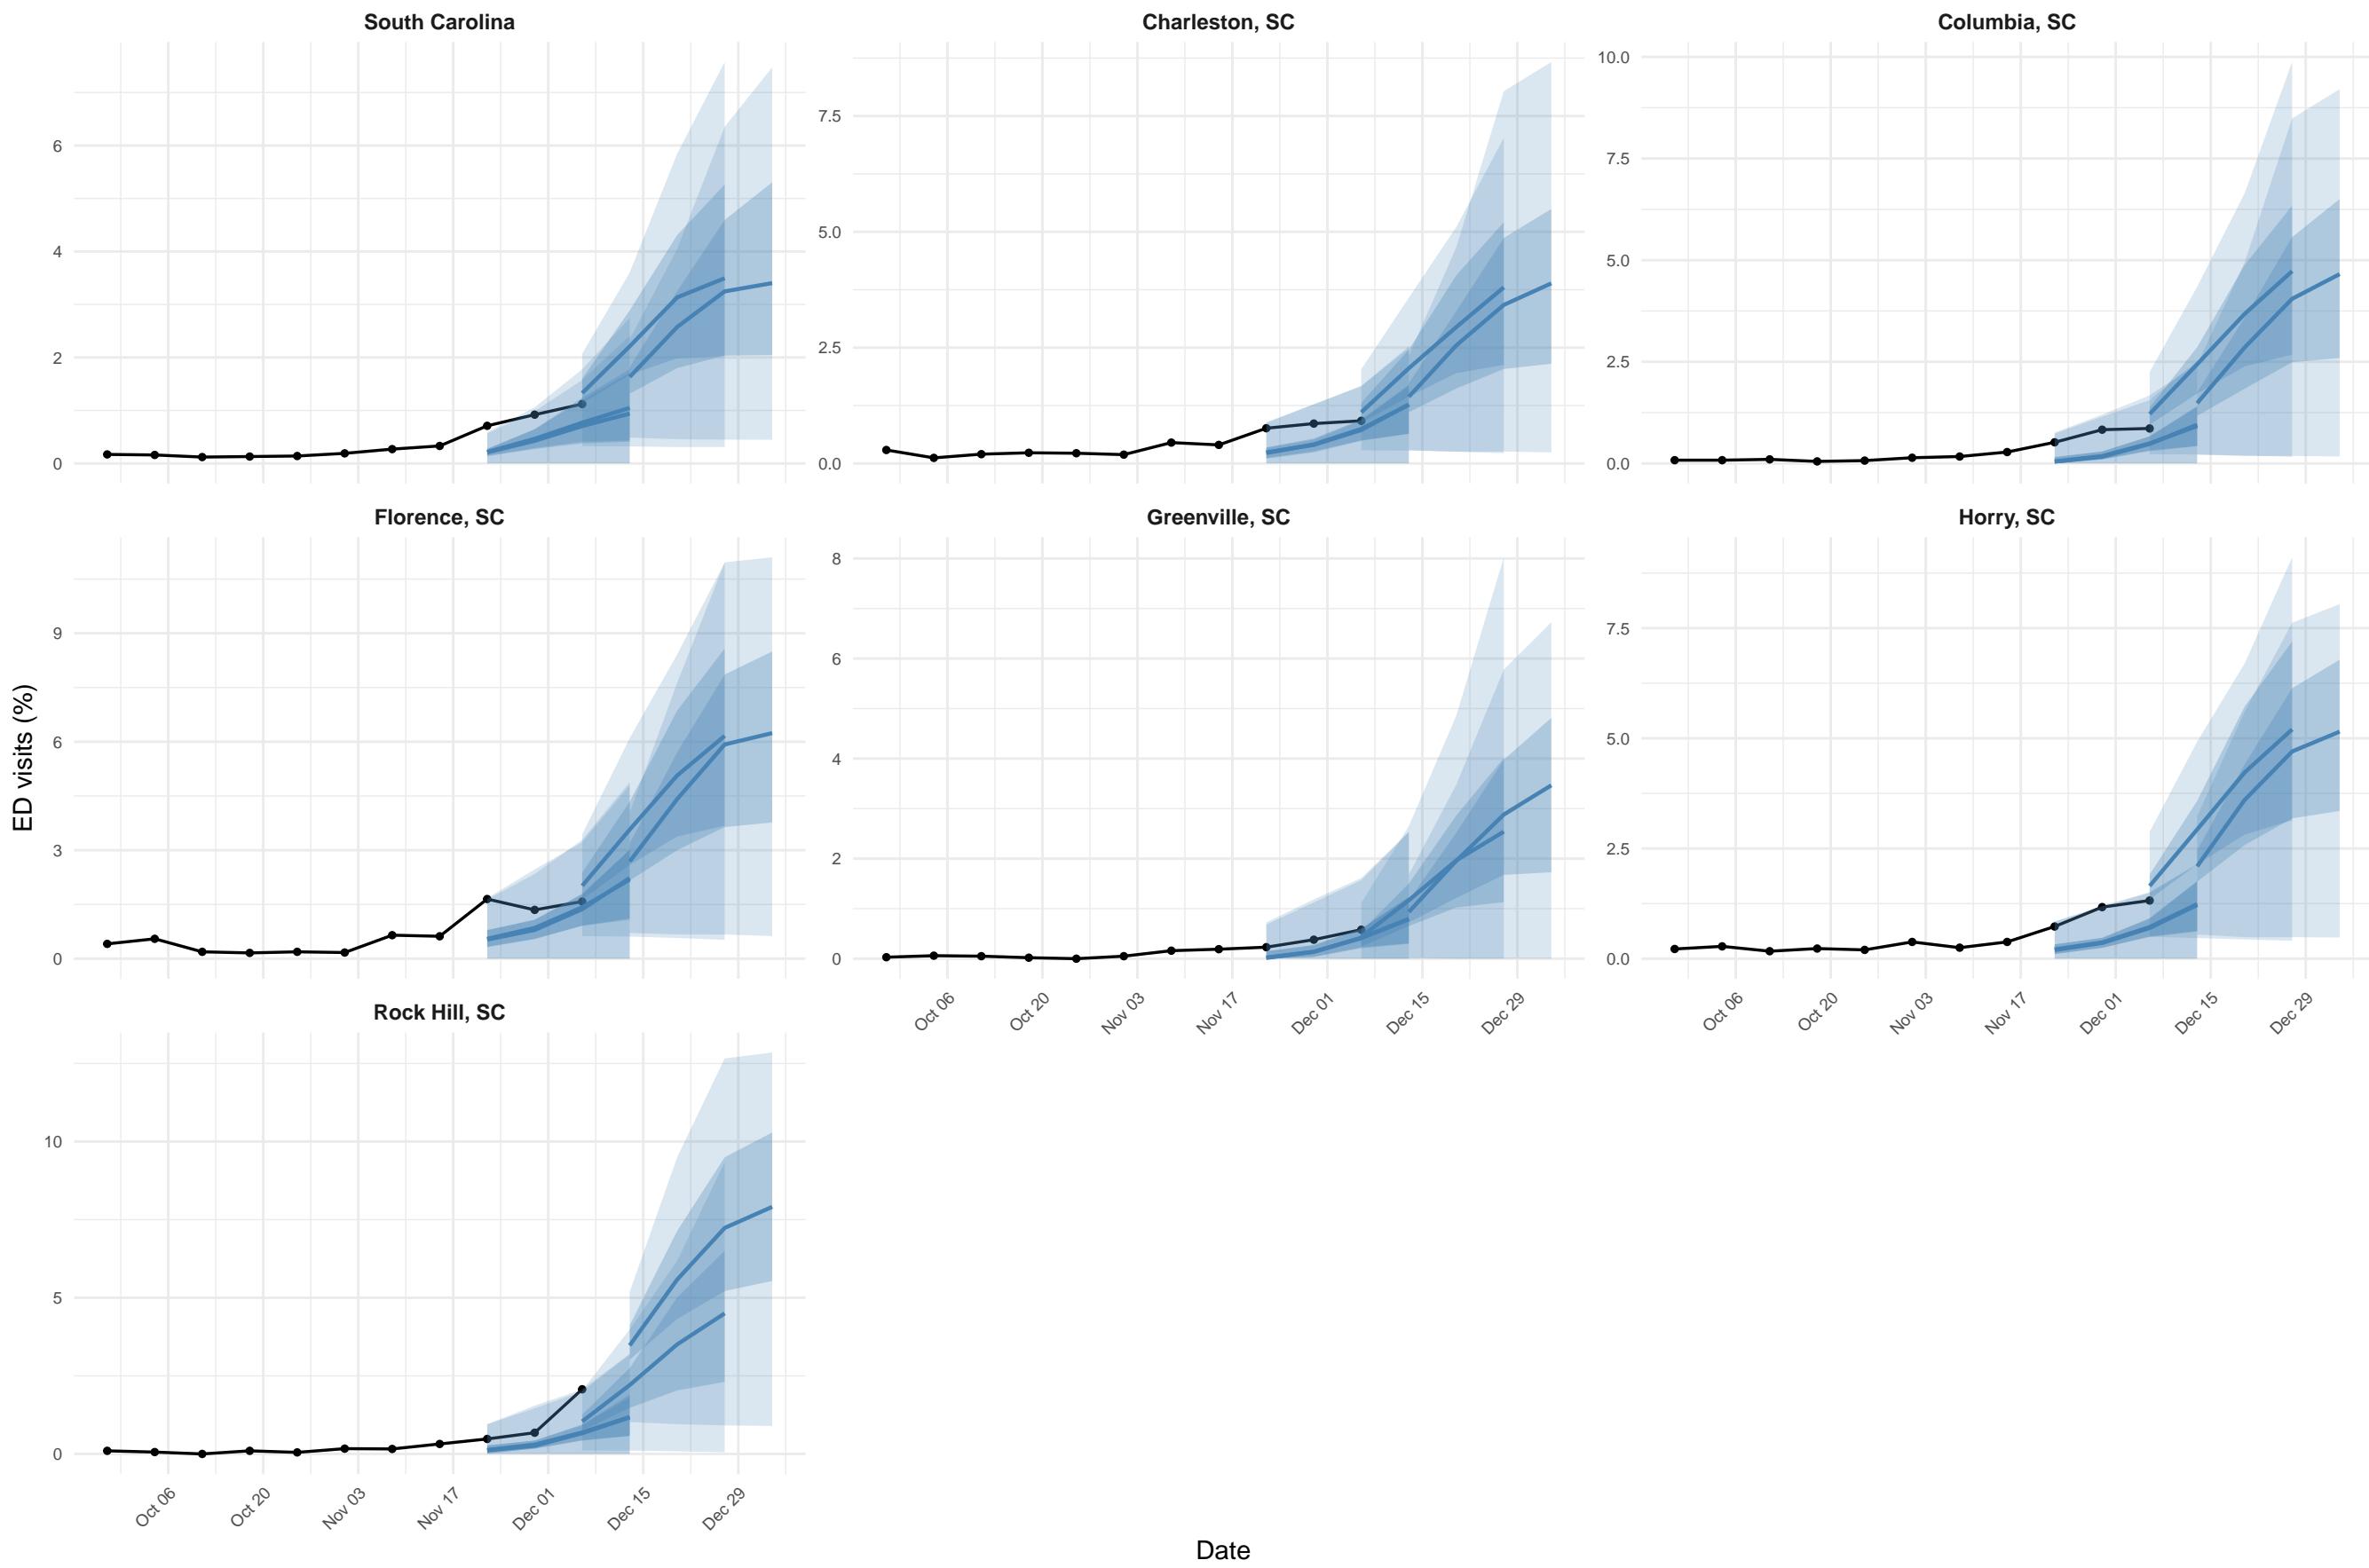

North Carolina

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# South Carolina (SC) – Flu/ILI ED Visits Forecasts

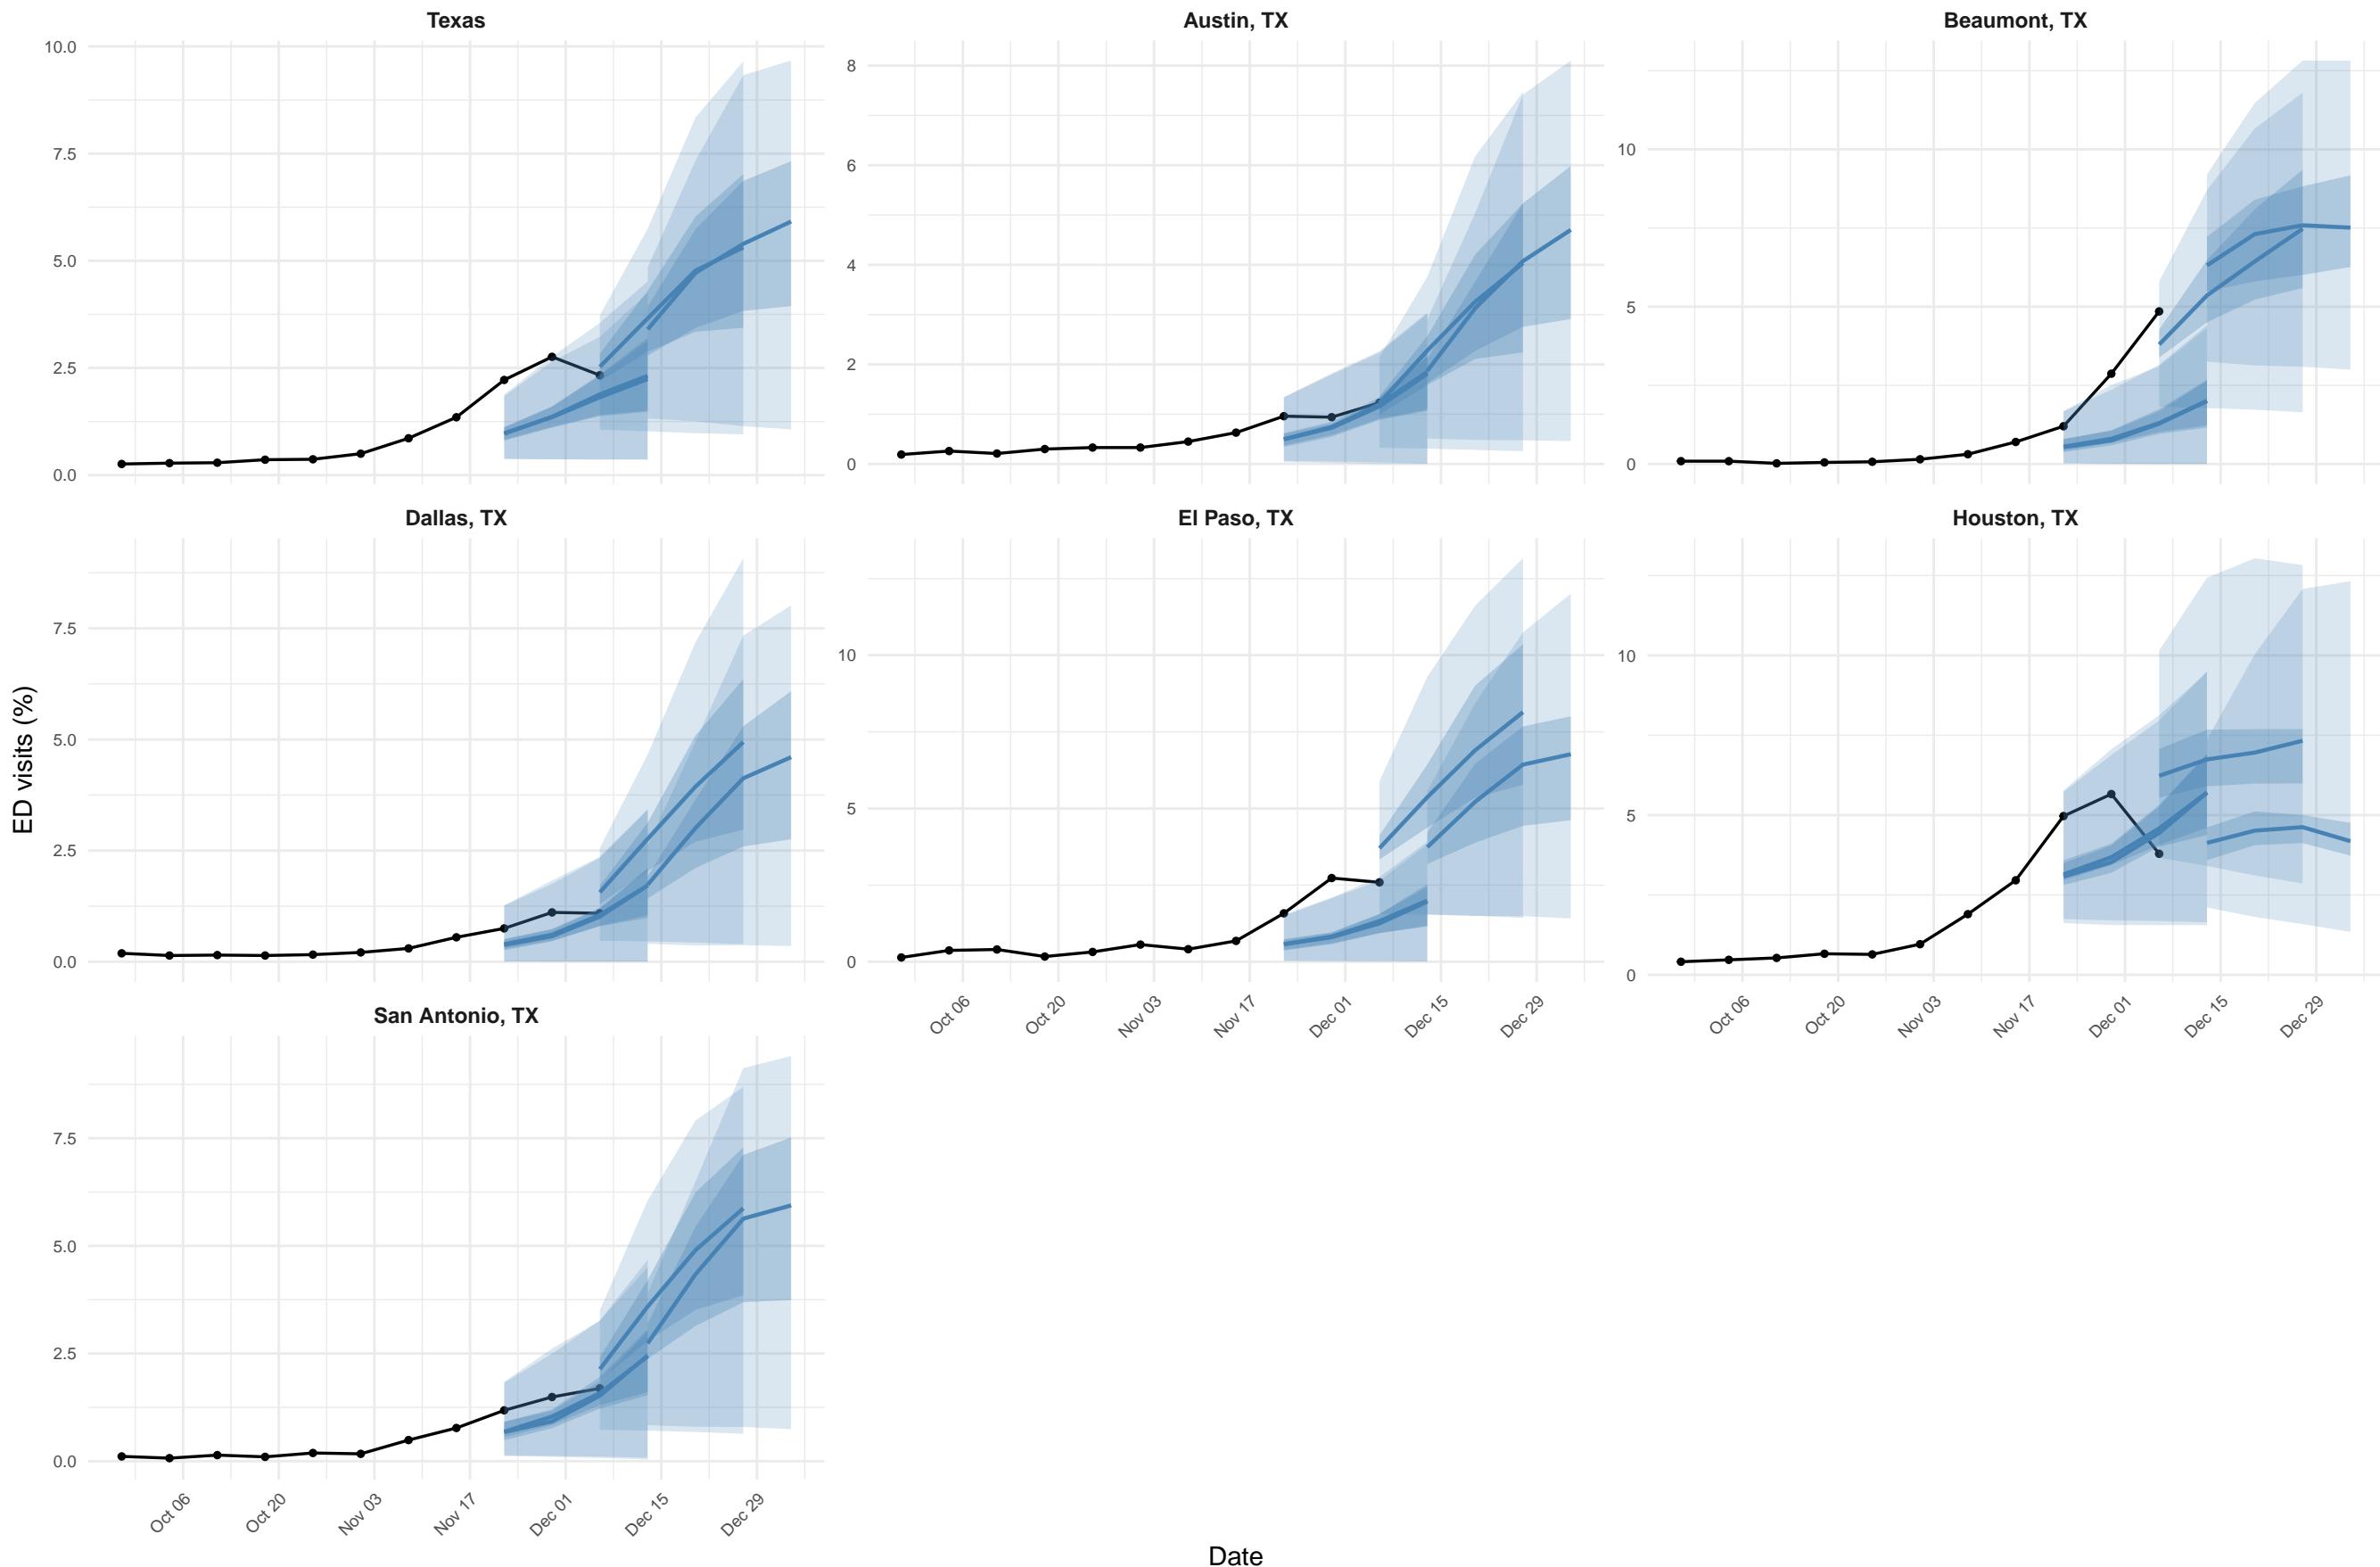

UMass-gbqr\_3src Model | 7 locations

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# Texas (TX) – Flu/ILI ED Visits Forecasts

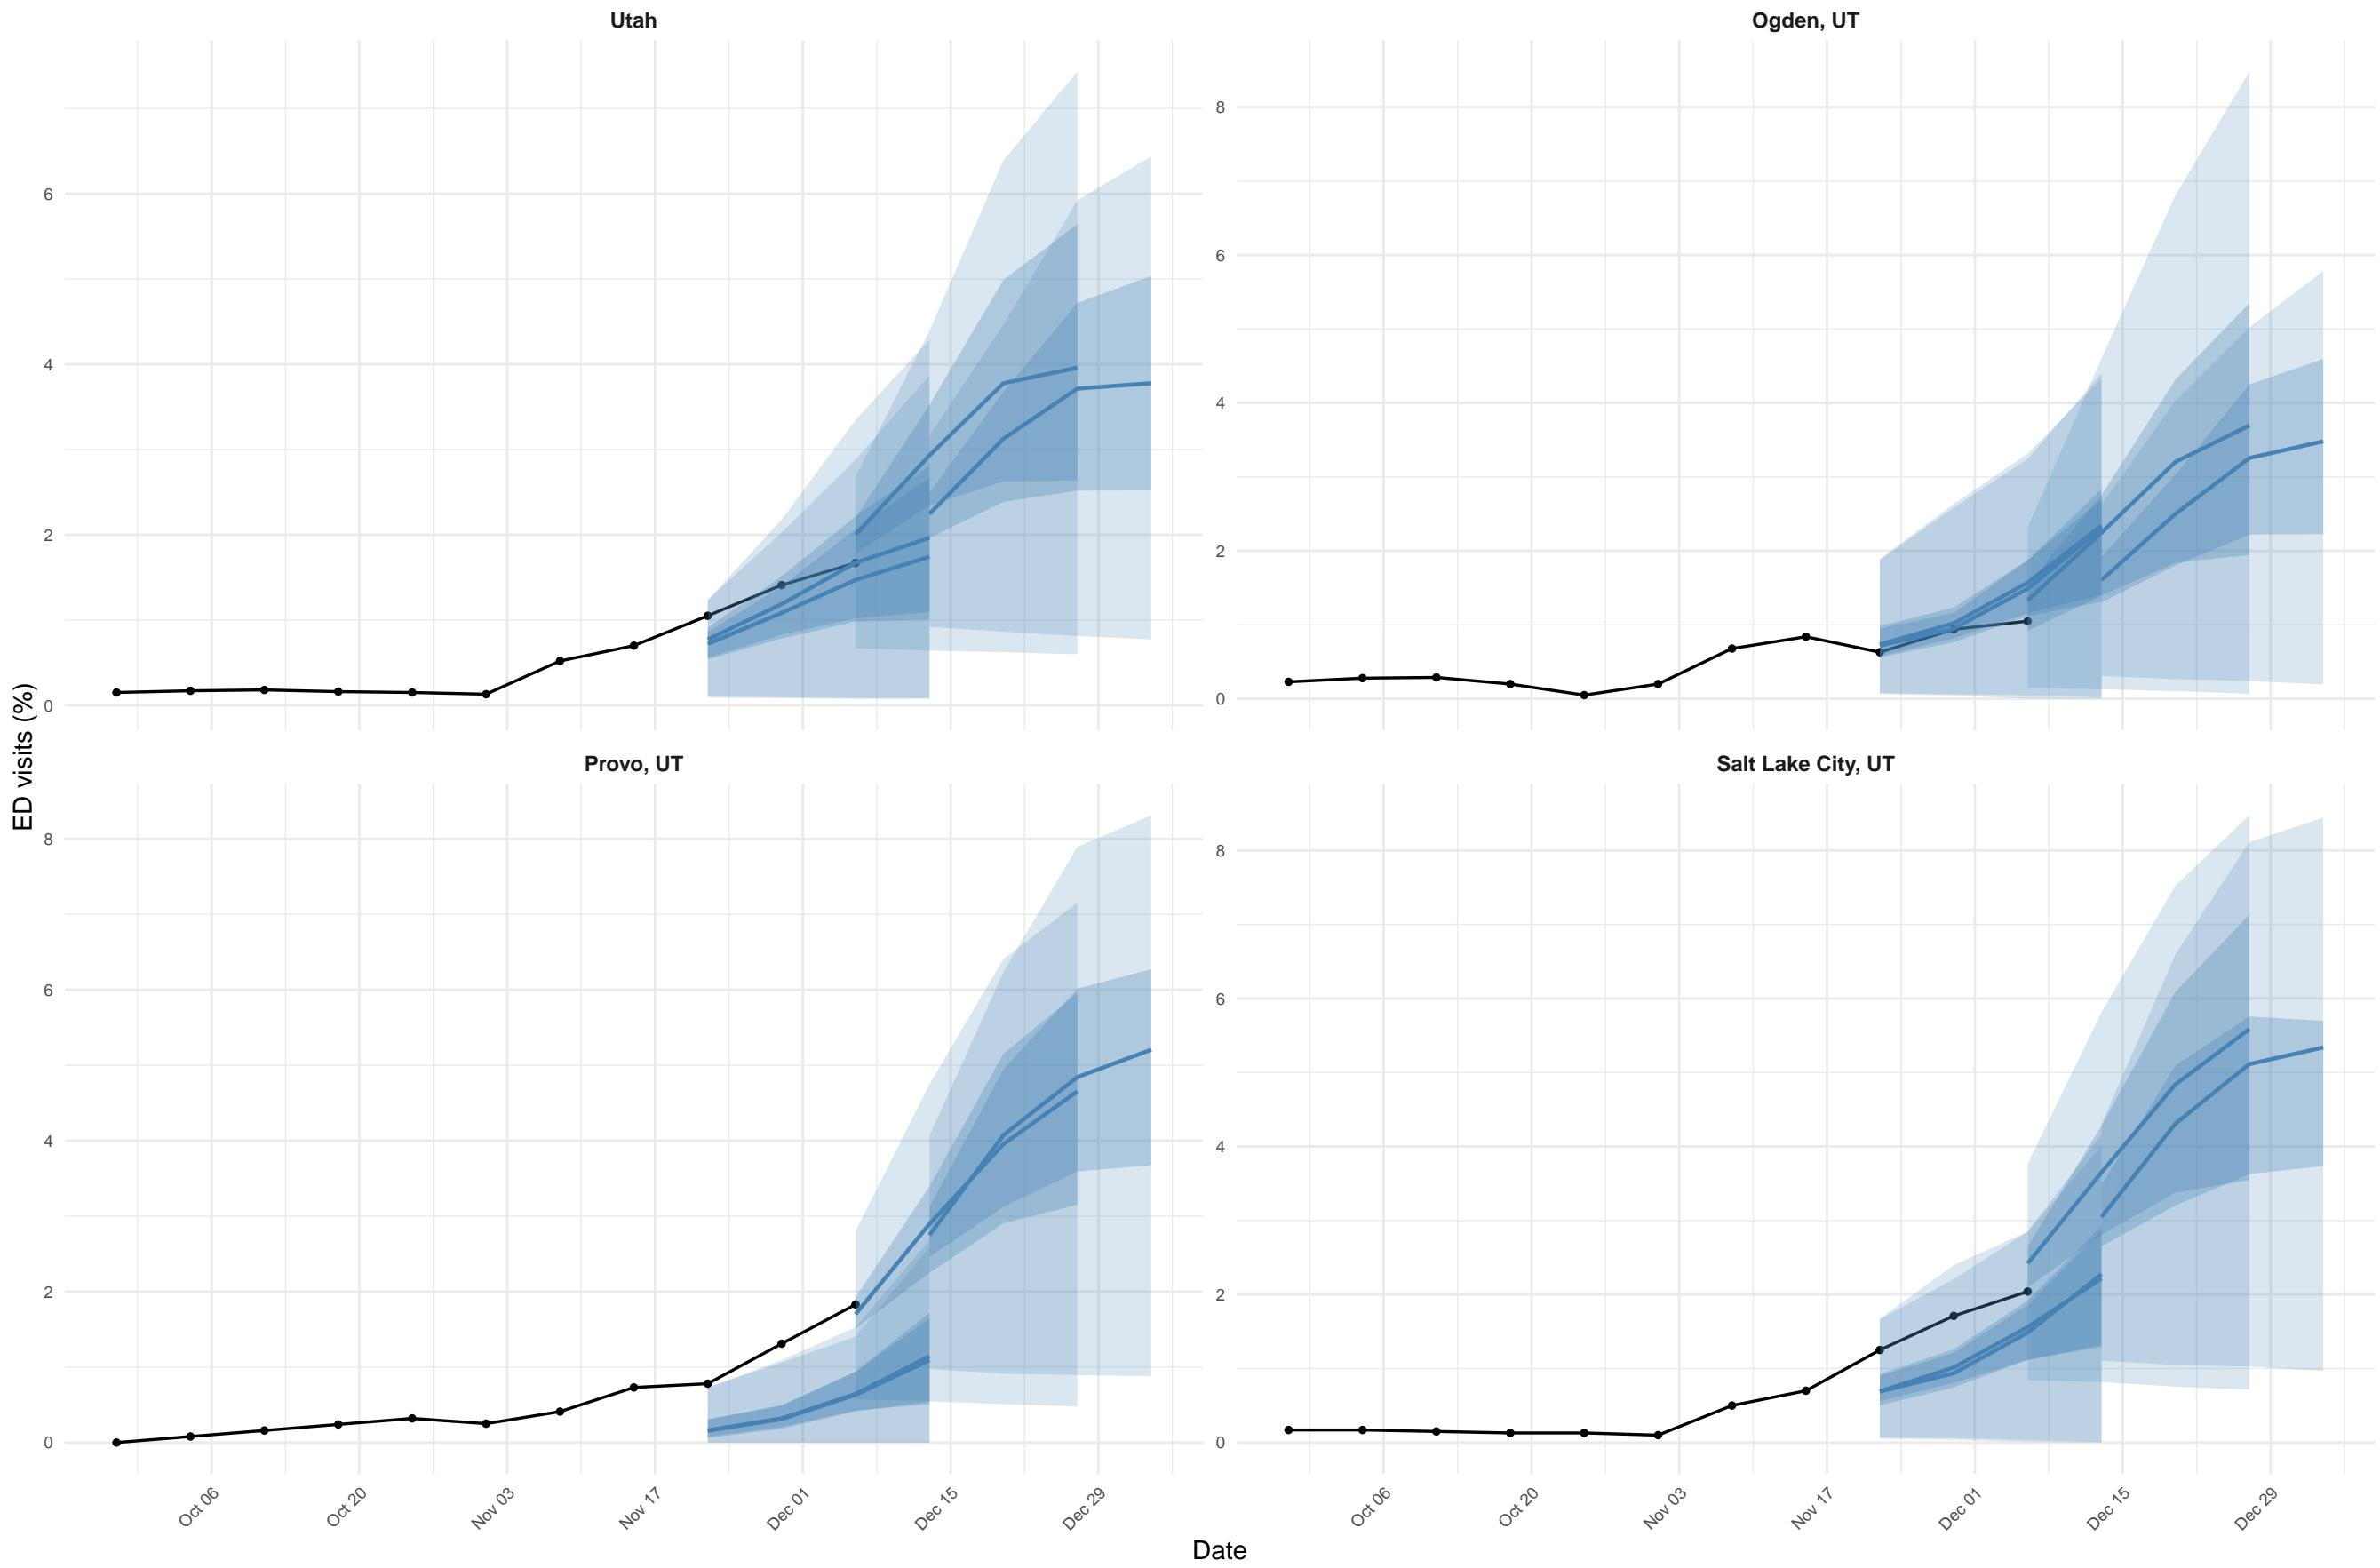

UMass-gbqr\_3src Model | 7 locations

Black: observations | Blue: forecasts with 50% and 95% prediction intervals

# Utah (UT) – Flu/ILI ED Visits Forecasts

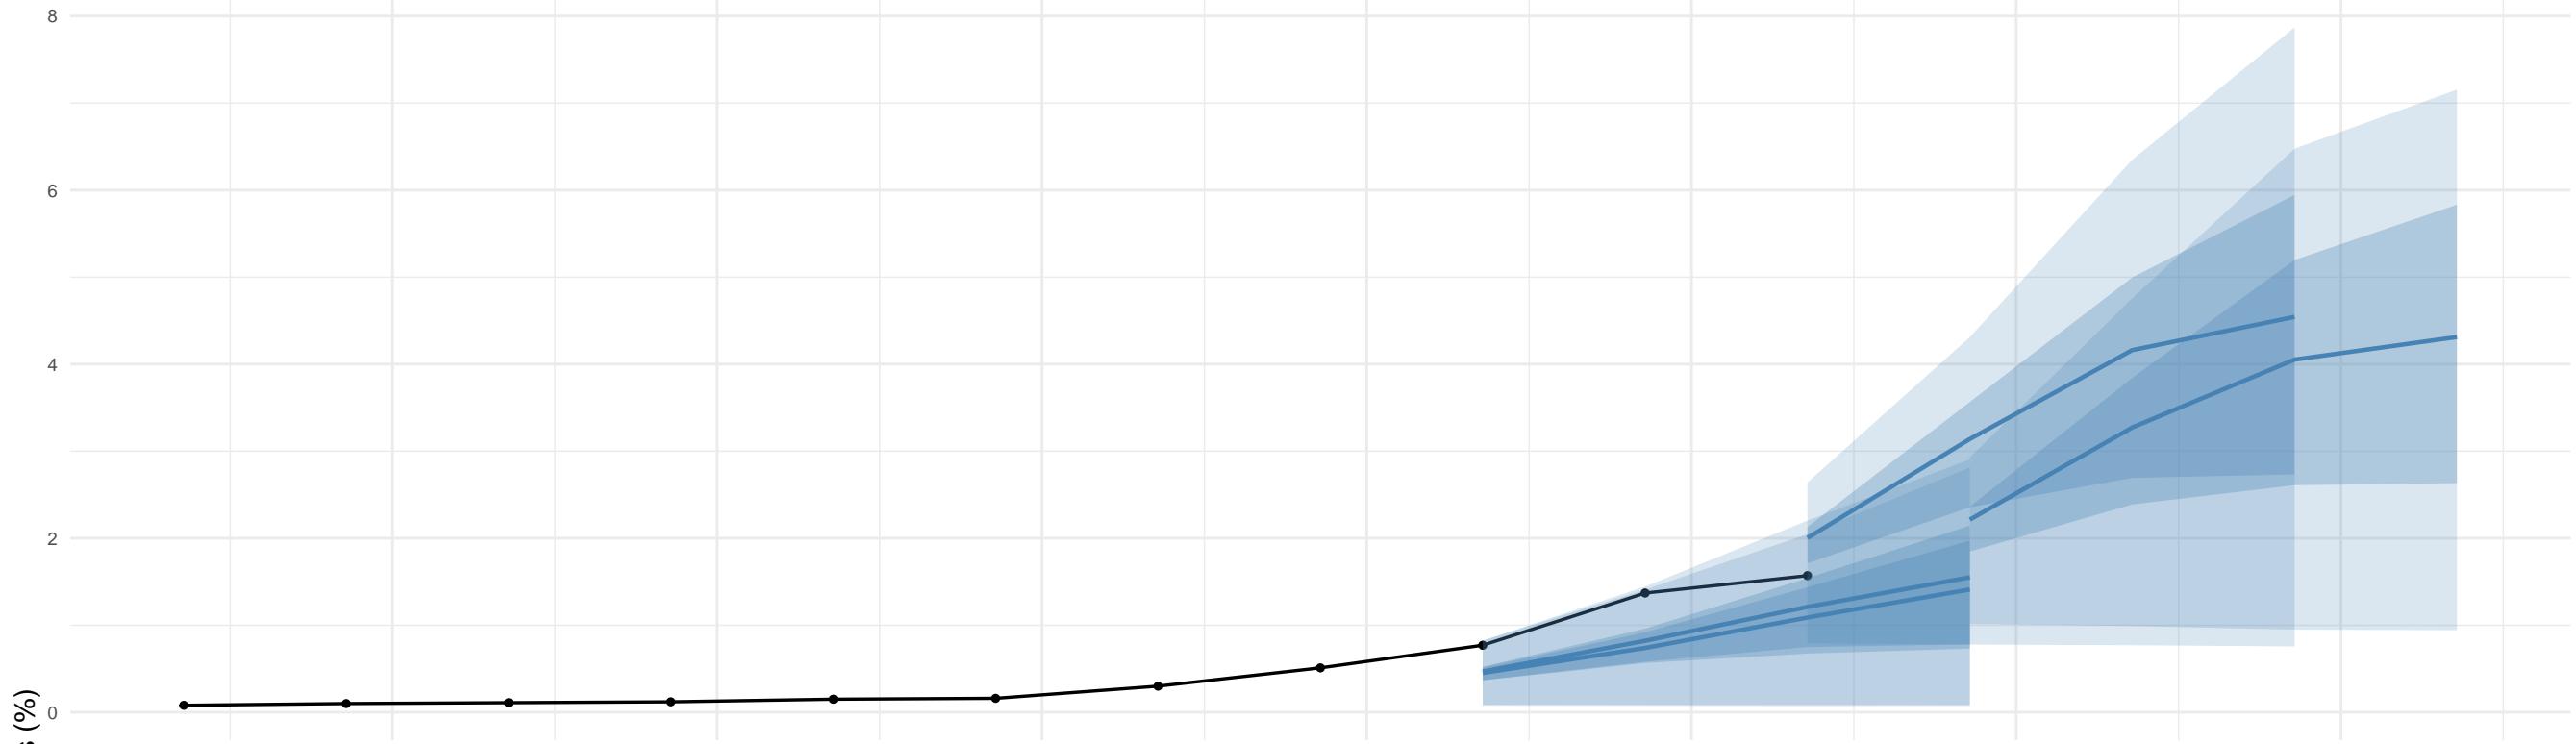

UMass-gbqr\_3src Model | 4 locations

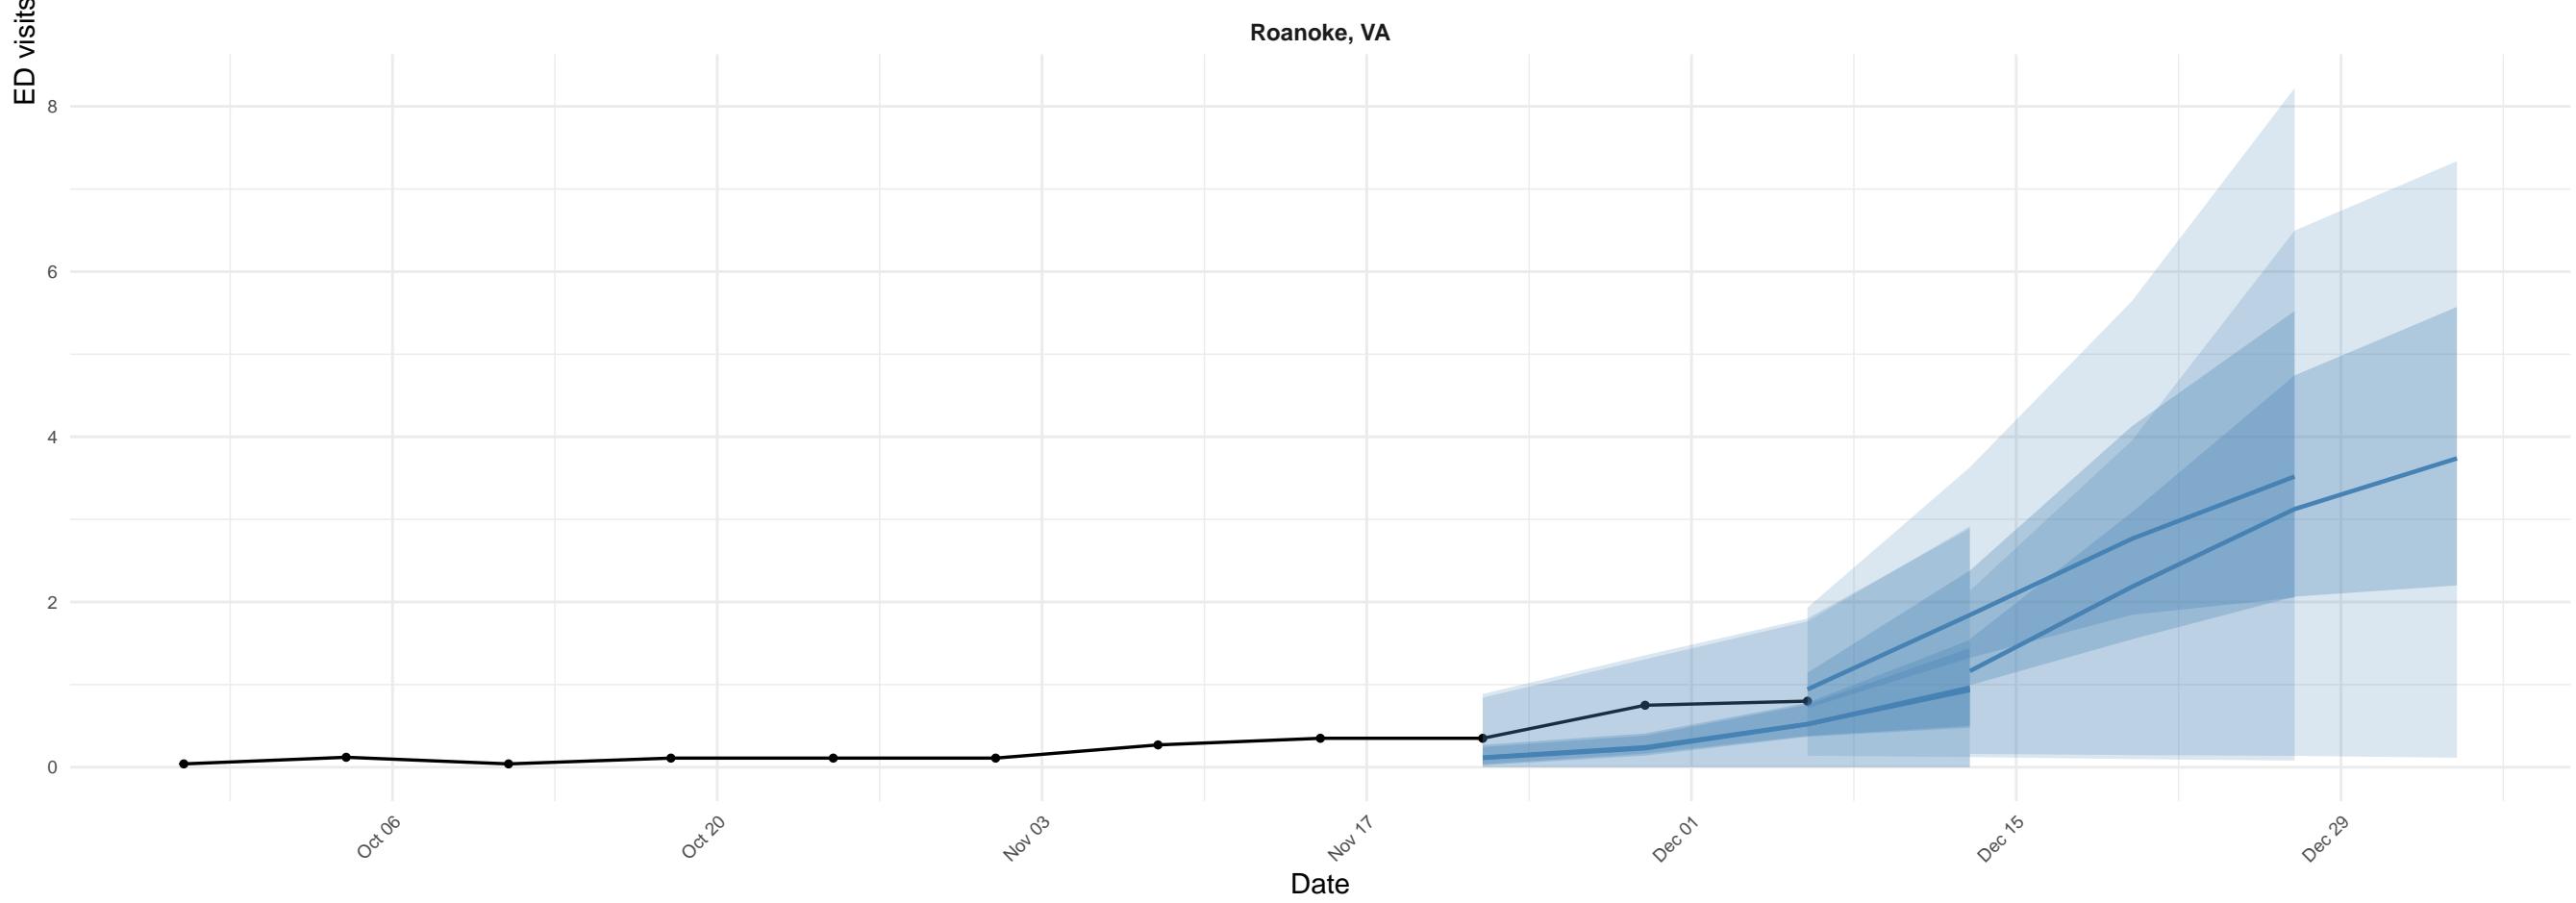

# Virginia (VA) – Flu/ILI ED Visits Forecasts

UMass-gbqr\_3src Model | 2 locations

Virginia

Roanoke, VA

Black: observations | Blue: forecasts with 50% and 95% prediction intervals
